This is the main page of our Continuous Improvement Workspace. Here you will find information about for our accreditation needs: data reports, University Assessment (Weave/SACS), programs, NCATE/CAEP standards/exhibits, IR, OffSite report, SPA pages, Annual Reports, the 2008 NCATE webpage, etc. Also available are pdf files of our current portal folio templates (see what is required of candidates in each portal).

# Data Reports

Data reports are run in PASSPORT each semester on the day after grades are due. These reports are then posted to the CIW site in the appropriate space under the Data Reports icon for the SPA or Program by semester or year.

SPA and Program committees can post agendas, minutes, add files or Comments (starts a thread that replies can be posted to) to a page to share with all committee members . Note: this is a good place to post agendas and minutes of meetings, etc. so that they will be available when needed.
