Reflection: Creating this professional development plan has made me more aware of the importance of supporting novice teachers throughout the most volatile years of being a teacher. It has also made me realize that it is easy to pack a novice teacher's schedule with professional development and reflective activities that could potentially take away important planning time. That is why I must never forget what it is like to be a new teacher.

Standards - ELCC School Building Leadership

: Standard 2.0

Candidates who complete the program are educational leaders who have the knowledge and ability to promote the success of all students by promoting a positive school culture, providing an effective instructional program, applying best practice to student learning, and designing comprehensive professional growth plans for staff.

: 2.4 Design Comprehensive Professional Growth Plans

: 2.4.1

Candidates design and demonstrate an ability to implement well-planned, context-appropriate professional development programs based on reflective practice and research on student learning consistent with the school vision and goals.
