PORTAL UNIT ASSESSMENT | UNMET REQUIREMENTS | PORTAL FOLIO STATUS | FACULTY PORTAL ASSIGNMENTS

Folio: RETIRED - Portal II: Introductory

Artifact:  **NETT Conference 2010**

Reflection: The Knowledge of Subject Matter Standard applies to my chosen Professional Development Activity, as I experienced the central concepts, tools of inquiry, and different forms of the successful use of technology in the classroom. While in attendance at the NETT Conference, I learned several different methods of using technology in the classroom to create meaningful learning experiences for students. This Professional Development Activity assisted me in better understanding a wide variety of the many technological tools of inquiry that can be used within the classroom to create interactive learning experiences within different subject matters. The Knowledge of Human Development and Learning Standard applies to my chosen Professional Development Activity, as I gained a better perspective of the different ways children learn and develop. Through my experience at the NETT Conference, the lectures emphasized the important of technology throughout all programs to support and improve student learning. As a future educator, I will promote diversity and the use of technology to support the children's intellectual, social, and personal development, in the classroom to ensure that every student's needs are met. The Communication Skills Standard applies to my chosen Professional Development Activity, as I gained supplementary knowledge of the effective and successful media communication techniques to use within the classroom. While at the NETT Conference, many lectures and vendors offered information and products that can be used to foster active inquiry, collaboration, and supportive interaction in the classroom.

Standards

- INTASC: New Teacher Assessment and Support Consortium
COEHD
: Knowledge of Subject Matter
- :
The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s)he or she teaches and can create learning experiences that make these aspects of subject matter meaningful for students.
- INTASC: New Teacher Assessment and Support Consortium
COEHD
: Knowledge of Human Development and Learning
