“A Brighter Tomorrow for Louisiana’s Children”

Hosted by: Southeastern Louisiana University and the Louisiana Children’s Trust Fund
College of Nursing and Health Sciences, Department of Health and Human Sciences
Graduate Program in Counseling

(6 CE hours) Limited to 200 Participants

Skills and Interventions for Professionals to Identify Human Trafficking Survivors to Break the Cycle of Abuse and Neglect

Presented by:
Mary Vicario, LPCC-S, CTS (https://www.findinghopeconsulting.com)

FREE Training will:

- Identify the centrality of relationships in human growth and development and how the quality of relationships affects brain development and helps keep trafficking hidden.
- Recognize the basic neurobiology behind the power of connection, how it is used by traffickers to entrap and maintain a hold on their victims and keep helping professionals and the public focused on what is wrong with victims.
- Engage the neurobiology of connection to shift your focus to what has happened to victims and what have they done to survive allowing them to recognize the hidden signs of trafficking.
- Explore cultural context and its impact physically, psychologically, behaviorally and its impact on keeping trafficking hidden.
- Distinguish Mood Syntonic vs. Mood Dystonic Abuse; PTSD vs. Complex PTSD and Biologically Based Fear Responses
- Recognize and explore ways of developing in trafficking survivors the five resilience factors found in people who overcome and do not recreate their traumatic experiences.

Date: Wednesday, November 20, 2019
