

Dear Applicant,

Let me first thank you for your interest in our Athletic Training Program (ATP).

As the President of the Student Athletic Trainers' Association (SATA) for Southeastern, I want to extend the invitation for you to join our Student Association.

The Purpose Statement of SATA is to expand the overall scope of our educational experience by means of promoting educational activities, that we might establish closer contact with those who are involved in our future profession.

We strive to be very active in the community as well as within our profession. We participate in many community and philanthropic activities, such as Relay for Life, The Great American Smoke-out Adventure Race, Food and Clothing drives, and North Oaks Physical Day. We also attend the Student Southeastern Athletic Trainers' Association (SEATA) Conference held annually in Atlanta, GA. The Student SEATA Conference can only be attended by those who are 1) members of SATA and 2) have formally been accepted into the clinical progression component of the ATP.

Joining SATA does not ensure acceptance into the ATP, although it can be very beneficial for both you and the ATP Selection and Retention Committee. By becoming a member of SATA you will be able to have a greater interaction with other Athletic Training students already in the program and be able to participate in our events, fundraising, and promotion of our student organization. This opportunity will give you an insight to what SATA is all about and will give the current members a chance to familiarize themselves with you as an applicant.

The membership process is simple, incoming Athletic Training students will have a membership fee of \$15 in the fall semester (covers both fall and spring semesters), or if you would like to wait until the spring semester to join, the membership fee is \$10. Fees will not be refunded.

For any additional information you can contact the ATP Program Director or Athletic Training Student.

Best of luck!
