

End of the Year Review

The following questions will be used to re-evaluate the athletic training education program and your responses are appreciated. Do not put your name on the questionnaire as all responses are to be as anonymous as possible. Your opinion is appreciated. Thank you for your help in improving the Southeastern Louisiana University Athletic Training Education Program.

1. What clinical rotations do you feel were the most educational? Why?
2. What clinical rotations do you feel were the least educational? Why and how would you make it more educational?
3. What would you recommend to make your overall clinical experience more educational?
4. What did you most like about your favorite classes?
5. What would you recommend to make your least liked classes better?
6. Please list the strengths and weaknesses of our program?
7. If you could change anything about the athletic training program, what would it be?
8. What would you like us to know about the athletic training education program as you see it?

Please list any other comments below.
