REQUIRED INFORMATION

Purpose of trip:

Documentation of Cost Effectiveness/only method of transportation:

The Office of Risk Management, State of Louisiana, carries a Liability Collision and Comprehensive insurance on all vehicles the University rents. Prior to taking possession of a rented vehicle as a University employee, I will inspect the vehicle for any prior damage such as:

1. Scratches and dents on body of vehicle
2. Pecks, scratches, cracks on the windshield
3. Torn upholstery, etc.

Any damages noticed must be noted on the Lease Agreement. The same process should be completed with the leasing agent when the vehicle is returned.

The above practice will reduce the amount the state is being charged for damages, which we may not owe. Any accident involving a rental vehicle must be reported in the same manner as any vehicle used on University time.
