Resident Assistant Staff embrace their community

Our 51 member Resident Assistant Team worked diligently to create sheet signs for each of our residential communities to display at Move-In Mane-Ia. Their efforts are pictured below. These creative displays embrace the diverse communities present in our University Housing Facilities.

Roommate 101: Questions to ask your roommate

What are some of your interests or hobbies?  What kind of movies, music, etc. do you like?
Have you ever shared a room before?  Describe your family and friends.
What is your major?  Are you nervous about class?  What do you want to accomplish this year?
What really annoys you?  How can I tell when you are stressed or angry?
What do you think we need to agree on as roommates?  How do you feel about guests?
How do you like to study?  (Music, tv, lights on?)  When do you like to sleep/ wake up?

What if my roommate and I are not getting along?

• Communication is key! Talk to your roommate about what is troubling you. If you feel uncomfortable, ask your RA to help you with this conversation.
• Be respectful! Everyone is on their own life’s journey; no two roads are identical. Try to be understanding if your roommate’s path differs from your own.
• Be honest! If something is bothering you, let your roommate know. Sometimes we do not talk about small problems until they become big problems. Talking about what is going on will help!
• Know where to go to ask for help. Sharing a space for the first time can be tricky… your RA is trained to help you with roommate conflicts! Get to know your RA and ask for their advice should you need their support. Others who are here to help you include your Area Coordinator (Your RA’s boss), as well as the Counseling Center. The University Counseling center is able to advise roommates on having successful relationships! Take advantage of this service.
