

All housing facilities are currently assigned for the 2017-2018 Academic Year.

Students who are interested in housing may complete the application process to secure a space on the wait list. As cancellations are processed, students on the wait list will be assigned in order of fee received date. Bookings will be made into the first space available for which the student meets the criteria; booking to a building preference will be based on availability. Any students placed on the wait list for the 2017-2018 Academic Year but not given an assignment will be entitled to a refund of the processing fee and prepayment (late fees, if applicable are non-refundable). Once a booking has been created, applicants are removed from wait list status and will not be eligible for any credits of the processing fee or prepayment if they chose to cancel.

For further information, please contact University Housing at 985-549-2118 or universityhousing@southeastern.edu.
