University Housing is excited to begin our re-application campaign for the Fall 2013–Spring 2014 academic term. Between February 18–March 15, current residents can re-apply to live on campus and have priority over incoming Freshmen/new residents. Where do you want to live next year?

- Students who live on campus have a higher average GPA than those who live off campus. Average GPA of on campus residents in the Spring 2013 term is 3.002.
- Students who live on campus report higher rates of satisfaction with their college experience due to increased interaction and involvement.
- Students who live on campus are more likely to seek out assistance when struggling in a class.

Your Resident Assistant will be posting information about re-application on their bulletin board, hosting meetings to discuss re-application and more. Join us for the Fall 2013–Spring 2014 term: Don’t Be Left Out of the PRIDE!

Enter your University ID and Password and sign in, Click on Online Housing Application, Select the Term for which you are applying to University Housing (2138), Click on Add, Complete all relevant sections of the application, Carefully read the Terms and Conditions of the Housing Application, Click on the Accept button to accept the reviewed terms and conditions and submit your application.
