IMPORTANT NOTICE REGARDING RETIREMENT AND PARTICIPATION IN GROUP BENEFITS

Recent legislation affects the way state employees can participate in the Office of Group Benefits (formerly known as the State Employees Group Benefits Program). In the past, eligible participants could join the Group Benefits Program immediately prior to retirement and receive health benefits right away.

New legislation requires that eligible individuals participate in the Group Benefits Program prior to retirement in order to receive the applicable state subsidy after retirement. This is called vesting, and the vesting schedule is as follows:

<table>
<thead>
<tr>
<th>Years of Participation</th>
<th>Percentage of State Subsidy</th>
</tr>
</thead>
<tbody>
<tr>
<td>10 years or fewer</td>
<td>19%</td>
</tr>
<tr>
<td>More than 10 years but fewer than 15 years</td>
<td>38%</td>
</tr>
<tr>
<td>More than 15 years but fewer than 20</td>
<td>56%</td>
</tr>
<tr>
<td>20 years or more</td>
<td>75%</td>
</tr>
</tbody>
</table>

This legislation will not affect those who already participate in Group Benefits (PPO, EPO, HMO), because they will be grandfathered in the vesting program and will not have to accrue any years to be vested.

Interested potential plan members have a window of opportunity to enroll in Group Benefits in time to be grandfathered, so they, too, can obtain the maximum state subsidy.

In order to be enrolled by December 31, 2001, potential participants MUST submit enrollment forms to Group Benefits by the close of business on November 14, 2001. Any paperwork received after November 14, 2001 will not become effective until after the December 31, 2001 deadline. This will result in the plan member being forced into the vesting program.

Potential plan members should contact the Benefits Section of the Human Resources Office as soon as possible to enroll. In order to enroll dependents, employees must have the dependent’s date of birth and social security number. If the dependent is over age 21, they must be enrolled in school full time, and provide proof of the same, in order to be covered.

MANAGING WORK TIME EFFECTIVELY

The University is providing a compressed video course through the Comprehensive Public Training Program on Tuesday, November 13, 2001. The course is entitled “Managing Work Time Effectively” and is designed for professional and paraprofessional employees. Participants will identify the activities that determine their use of time and learn the keys to effective time management. Emphasis will be placed on establishing work priorities to maximize effective use of time. Participants will practice by developing a prioritization plan to be used on the job.

Learning Objectives:
- Apply time management approaches to manage stressful work situations.
- Apply strategies to deal effectively with pressure.
- Practice goal setting and prioritizing techniques.
• Demonstrate how to prioritize outcomes and practice the mechanics of sequencing short-term goals to support priorities.  
• Practice prioritizing daily activities while simultaneously considering short or long-term goals.

Job Outcomes:  
• Maintain a professional demeanor in stressful or difficult situations.  
• Work on a number of different projects without losing focus.

The course will begin at 8:30 a.m. and will be held in room 136 - 137 of the University Center. The class will conclude at 3:45 p.m. The number of participants will be restricted due to classroom size. Registration is required for the course. If you have any questions concerning the course or would like to register, please contact JoAnne Dickinson at jdickinson@selu.edu or at extension 5771.

FINANCIAL FOCUS FOR WOMEN
Financial Focus for Women is a workshop for women to help women build assets and meet their financial and life goals.

We invite women to come to this special educational workshop. They will learn about important financial strategies that can help strengthen their financial future. This workshop focuses on key areas where women can make more informed choices and exert more control over their finances.

The seminar will be held on Thursday, November 8, 2001 from 11:00 a.m. until 12:30 p.m. at Twelve Oaks. There is no cost or obligation for this workshop.

Women are welcome to invite a guest or bring their spouse. Although this focus is designed for women, men are also welcome to attend. Plan to attend today and receive a FREE financial strategies workbook. Lunch will be provided.

**HOUSE CONCURRENT RESOLUTION NO. 74**

The House of Representatives passed House Concurrent Resolution No. 74, which provides relative to racism and education about racism. This Resolution was given to the head of each Louisiana State agency to address the weaknesses of racism.

America's foundational document, *The Declaration of Independence*, expresses the self-evident truth that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, and that among these are Life, Liberty, and the pursuit of Happiness. The Constitution of the State of Louisiana of 1974 declares that the government is to secure justice for all, preserve peace, protect the rights, and promote the happiness and general welfare of the people. Therefore, the Legislature of Louisiana deplores all instances and opinions of racism, rejects the concept that certain races are essentially superior to others, and condemns the extent to which these philosophies have been used to justify and approve racist practices.

**SHARED SICK LEAVE**

Southeastern Louisiana University is participating in a Shared Sick Leave Program to be used by faculty and/or unclassified employees. A summary of the University Policy is:

**Shared Sick Leave** is leave hours donated by faculty and/or unclassified staff into a shared sick leave pool to be used by fellow faculty and/or unclassified staff who are suffering from their own serious health condition which has caused or is likely to cause the employee to take leave without pay or to terminate employment. Faculty and/or unclassified employees may irrevocably donate sick leave to the shared sick leave pool.

NATION'S VICTIM ASSISTANCE ORGANIZATIONS ISSUE TRAMA RECOVERY TIPS TO AMERICANS

No American will go untouched -- whether directly or indirectly -- by the devastating terrorist attacks that took place Tuesday, September 11 in New York City, Washington, D.C., and Pennsylvania, and which swept the hearts and minds of citizens across the nation. In response, the coalition is issuing advice to help deal with the tragic fallout of the largest terrorist attack on America.

TRAUMA TIPS FOR HELPING CHILDREN

Children are especially vulnerable to the trauma and unforgettable images from the tragedy. Concerned parents and other adults want to respond sensitively and appropriately to our country’s children, helping them to feel physically and emotionally safe. Children under the age of five won’t fully understand what has happened, but will pick up on the reactions of those around them and act accordingly. Adolescents will respond much the same as adults. The following tips will help provide a supportive and stable environment for the children of this nation.

♦ Be calm. Children mirror the reactions of their parents and caregivers.
♦ Tell the truth but don’t give more information than is requested.
♦ Encourage your children to call you at work or wherever you may be if they feel afraid or if something upsetting has happened.
♦ Reassure the children that you are their protector.
♦ Limit television to a few segments and sit with your child as it is viewed. Children should not be exposed to terrifying imagery by themselves.
♦ Encourage the children to help. Children may want to collect money to send to one of the organizations providing direct assistance. They may want to make a poster for the teacher’s lounge of their school asking adults to donate blood. They may want to write a note or color a picture for someone in the community who is directly affected by the tragedy. They may want to say a prayer for those who are hurt.

TRAUMA TIPS FOR HELPING "NEIGHBORS SUPPORT THEIR NEIGHBORS"

The victim assistance groups say that many people will experience a variety of reactions to the trauma and the unforgettable images from the tragedy, including feeling numb, angry, sleepless and helpless. The following tips were issued to help Americans join together and cope with the emotions and grief resulting from the September 11, 2001 tragedy.

♦ Talk. Unspeaking trauma becomes more manageable when it is verbalized.
♦ Recognize that thinking ability may be compromised. It is natural that in these circumstances, one’s ability to concentrate is limited.
♦ Honor individual differences in trauma reaction. Your way is not the only way. Recognize the value of tears. Tears are simply a tender tribute to mourning.
♦ Reach out to those more directly affected.
♦ Limit television and radio.
♦ Do something to help. Donate blood. Send money to the American Red Cross or one of the other organizations that are helping directly. Fly an American flag or put a candle in your window to affirm your commitment that darkness will not overcome the light.
♦ Utilize spiritual resources. Attend church, synagogue, mosque or other faith community services or vigils.
♦ Seek professional support.
