

**SOUTHEASTERN LOUISIANA UNIVERSITY**

**CHECKLIST FOR HIRING FULL-TIME FACULTY  
TEMPORARY (INTERIM) POSITIONS**

***Please direct questions to the Human Resources (HR) Partner at extension 5431.***

A full description of [employment procedures](#) and [downloadable forms](#) are available on the HR website.

**Step 1** The Budget Unit/Department Head must determine if there is a need for additional help on a temporary basis. If a temporary position is determined to be appropriate, the Budget Unit/Department Head must ensure that there is an existing position (line in the budget) for a temporary faculty member and sufficient funds available in the budget to cover the cost of the salary and associated benefits. When the department is ready to fill the position, the Budget Unit/Department Head must request and receive written administrative approval up through the chain of command to the President. If an existing position is not available, a request must be sent through the Dean/Division Head to the Provost requesting a temporary line for the semester/academic year. The Provost will notify the Dean/Division Head and HR if the temporary line is approved.

**Note:** *For existing positions, a vacancy may be requested to fill once a resignation/retirement letter from the current incumbent has been accepted by the delegated appointing authority (HR Director).*

**Step 2** The Budget Unit/Department Head must verify with the HR Specialist that a current position description is active in PeopleAdmin. If there is no description in People Admin, the Budget Unit/Department Head must work with the HR Specialist to establish the position.

**Note:** *A position job description will be required for a new position; even if the position will be temporary.*

**Step 3** If the Budget Unit/Department Head is aware of a qualified individual who is available for a temporary appointment, the applicant must complete an application in People Admin.

**OR**

If the Budget Unit/Department Head does not know of a qualified individual who is available, the department will need to begin an action to request to "Advertise and Replace for Existing Unclassified & Faculty Positions" in PeopleAdmin. This action allows the position description to be updated, if needed, and provides pertinent information needed in order to advertise the position. (***Proceed to Step 4***)

**Note:** *If updates are made to the position description, indicate in the comments what changes were made.*

**Note:** *The Budget Unit/Department Head will need to ensure that the official job code title and business title are correct and match. If not, the Budget Unit/Department Head must call or email HR to update the position in People Admin before beginning the action.*

**Note:** *Applicants must possess the minimum qualifications for the position and meet all SACSCOC criteria for faculty qualifications.*

**Step 4** After the action has received administrative approval in PeopleAdmin, with Board approval if necessary, and has been approved by the delegated appointed authority, the HR Partner will advertise the vacancy notice on the Southeastern HR website. The Budget Unit/Department Head will be contacted by the HR Partner regarding approval of the notice on the HR website and any proposed advertisements. Once approved, the HR Partner will submit the advertisements in as timely a manner as possible to the publications requested by the department.

**Note:** *HR will pay for up to two ads placed by operating fund departments. The department will be responsible for the payment of any additional ads. Revenue or restricted fund departments will be responsible for payment of all advertisements placed. The department will be notified of the impending charges and will need to confirm that adequate budget funding is available to pay for the advertisement upon receipt of the invoice and will need to notify the Procurement Card Administrator to authorize the HR Partner access to the budget unit for expense code 539001(advertising).*

***There are PeopleAdmin "How Do I?" quick sheets available on-line to refer to or if you have other questions, call the HR Partner at extension 5431.***

**Note:** *Departments should be aware that all notices will automatically be removed from the HR website at 5:00 p.m. on the closing date. Based on the number and quality of applicants at that time, the department may contact HR and request to extend the advertisement.*

**Step 5** At any time during the advertisement process, the applications can be reviewed through PeopleAdmin by the department using a personal logon or by the committee using Guest User Access. **All applicant data must be initially reviewed by the Department/Search Committee to determine if the applicants are qualified.** If after review an applicant is determined to be not qualified, the department must change the applicant's status in PeopleAdmin from "Under Review by Manager" to "Disqualified" with the appropriate reason.

**Note:** *For an applicant to be considered a qualified applicant, he/she must meet all of the minimum qualification requirements posted at the time of application and must submit a complete application packet before the closing date or extended closing date. The application packet must include an electronic application through PeopleAdmin that includes all education and previous employment information and the names and contact information of at least three references, an attached letter of application addressing qualifications and experience, a curriculum Vitae, and copies of graduate transcripts from all colleges/universities attended (original transcripts from all colleges/universities attended are required upon employment). Other application materials may be requested at the discretion of the department.*

**Step 6** The Budget Unit/Department Head should review the qualified applicant data to identify the best-qualified candidates to be interviewed. The Budget Unit/Department Head must verify that the finalists meet all SACSCOC criteria for faculty qualifications. It is the responsibility of the department to assure that reference checks have been completed. Once the applicants have been selected for an interview, the department must change the applicants' statuses in PeopleAdmin from "Under Review by Manager" to "Interview Pending."

**Step 7** The Budget Unit/Department Head or Search Committee Chair must complete a Travel Authorization (TA) prior to any travel arrangements being made for the finalists.

**Note:** *HR will cover travel costs for up to three candidates for operating fund positions. An in-depth description of candidate travel guidelines is available on the HR website.*

**Step 8** In conjunction with the Dean/Division Head, the Budget Unit/Department Head will make the final selection. The Budget Unit/Department Head will extend a conditional job offer at the approved rank and within the approved salary range. The conditional job offer letter must state that the offer is subject to the completion of a satisfactory background check and the approval of the University President and the University of Louisiana System Board of Supervisors. A sample letter is located on the HR website. The candidate's acceptance should be in writing and become a part of the department personnel file.

**Note:** *Any exceptions to the salary approved on the request to "Advertise and Replace" must be approved by the Dean/Division Head and Provost prior to the conditional job offer.*

**Step 9** Once a job offer has been made and accepted, the department must change the candidate's status in PeopleAdmin from "Interviewed" and the status for all other applicants to "Not Hired" with the appropriate reason. After the hiring process has been completed in PeopleAdmin, the remaining applicants will be notified through PeopleAdmin, via email, that the position has been filled.

**Step 10** Once a job offer has been made and accepted, the department must change the candidate's status in PeopleAdmin to "Recommend for Hire." After the candidate's status has been changed to "Recommend for Hire," a link will appear to "Begin Hiring Proposal." After the hiring process has been completed in PeopleAdmin, the remaining applicants will be notified through PeopleAdmin, via email, that the position has been filled.

**Note:** *After the conditional job offer has been made and accepted, it will be the responsibility of the new employee to ensure that all documents for which he/she is responsible have been submitted to HR and that all required paperwork has been completed. A new employee will not be added to the payroll system unless all steps have been completed. The Budget Unit/Department Head needs to inform the prospective employee of this.*

**There are PeopleAdmin "How Do I?" quick sheets available on-line to refer to or if you have other questions, call the HR Partner at extension 5431.**

**Note:** *More than one applicant can be hired using the same posting. For example, a department can complete hiring proposals for all temporary Instructors using one posting; however, each applicant must be hired using a different position number.*

- Step 11** Once HR receives the approved hiring proposal, the appointment letter will be prepared, sent for the President's signature, and returned to HR for distribution. The appointment letter outlines the terms and conditions of the employee's employment status. The original will be mailed to the employee at the last official address on file. Copies will be provided to the Payroll Office. The Budget Unit/Department Head, Dean/Division Head, and Provost/Vice President will have access to view the letter in PeopleSoft through HR Imaging.
- Step 12** The new employee must visit HR prior to or on their first day of employment. The employee will sign all needed paperwork and, if applicable, select benefit packages at this visit. The new employee will need to bring his/her social security card, driver's license, birth certificate, and/or passport for the U.S. Citizenship and Immigration Service requirements. He/she must also bring either a voided check to be used for direct deposit into a checking account or a direct deposit authorization from the financial institution for direct deposit into a savings account. All new employees are required to enroll in direct deposit for their payroll checks. A copy of a birth certificate is needed for retirement plan enrollment, if applicable.
- Step 13** The HR Partner will then set up the employee in the payroll system.
- Step 14** The department must verify that the new faculty member's workload (teaching assignments, release time, and overloads) have been entered correctly in the administrative system (FWAR).

***There are PeopleAdmin "How Do I?" quick sheets available on-line to refer to or if you have other questions, call the HR Partner at extension 5431.***
