## **A Survey of Graduating Students Southeastern Exit Survey 2002-2003**

### **Background**

In their plans to assess their major fields, most academic departments at Southeastern Louisiana University indicated a desire to collect information from graduating seniors through the use of an exit survey. In order to reduce duplication and standardize data collection, a general survey instrument was developed, allowing individual departments the opportunity to add other questions to the instrument which would address specific issues regarding their majors.

The first exit survey was conducted in May 1992, using as participants students who expected to receive their baccalaureate degree at that time. The second exit survey focused on students who expected to receive their baccalaureate degrees in December 1992 and May 1993. Both of these surveys were conducted by mail and were distributed to graduating seniors.

In the Summer of 1993 the electronic Senior Exit Survey was put in place as part of the application for graduation procedure. Students completed the Senior Exit Survey when they applied for graduation, which in some cases could be as early as two years prior to graduation.

In the Summer of 1996, the Senior Exit Survey was revamped and renamed the SLU Exit Survey. It was also separated from the graduation application and shortened so that it focused only on major field assessment. All graduating students, including those receiving Associate and Master's degrees, were required to complete the Southeastern Exit Survey during their semester of graduation.

### **Instrument Development**

The original Senior Exit Survey was developed through an examination of SACS criteria and instruments used by other institutions in order to identify which major field issues should be addressed. During the Spring of 1996, the questions were reworded so that they would be applicable to all students, regardless of degree or major. The revised questions used a 1 (Very Dissatisfied) to 5 (Very Satisfied) scale, and required students to enter a valid response for each item. In June 1998, four more questions which specifically targeted advising were added to the instrument. In August 2001, five questions were added to obtain measurements for Southeastern's strategic plan, Vision 2005.

Departments have also been given the opportunity to include questions particular to their majors. The School of Nursing and the Departments of Accounting, Biology, Communications, Communication Sciences & Disorders, Computer Science, English, General Studies, Management, Mathematics, Music & Dramatic Arts, Psychology, Sociology & Criminal Justice, Educational Leadership & Technology, Human Development and Teaching & Learning have added questions for the students in some of their individual degree programs. A copy of the general questions of the instrument can be found in Appendix A. A copy of the major-specific

questions can be found in Appendix B. Students were also given an opportunity to provide any comments they might have regarding their tenure at Southeastern.

## **METHOD**

### **Participants**

The potential participants for this survey were 1,947 students who graduated from Southeastern Louisiana University in Summer 2002, Fall 2002, and Spring 2003. Of the 1,947 potential participants, 1,942 graduates completed the survey for a response rate of 99.7%. Students are required to complete a SLU Exit Survey for each major in which they graduate resulting in a total of 1,969 SLU Exit Surveys completed.

Of the 1,942 respondents, 69% (n=1,340) were female and 31% (n=602) were male. The vast majority (85%, n=1,656) were White, Non-Hispanic, while 11% (n=211) were Black, Non-Hispanic. Thirty-two individuals (2%) were Hispanic, 1% (n=26) were Asian/Pacific Islander, 0.6% (n=12) were American Indian/Alaskan Native, and 0.3% (n=5) did not report a race.

In terms of entry to Southeastern, the largest group (17%, n=292) began attending Southeastern in the Fall of 1998. One of the students started as early as the Fall of 1970, while two started as recently as Fall 2002.

For graduate students, the average age at time of graduation was 30.7 and the average cumulative GPA was 3.692. For Associate degree recipients, the average age at time of graduation was 26.8 and the average cumulative GPA was 2.551, while Bachelor degree recipients were 25.7 on average and had a 2.908 cumulative GPA. The largest number of participants in the Exit Survey (48%, n=922) graduated in Spring 2003, while 42% (n=814) graduated in Fall 2002, and 11% (n=206) graduated in Summer 2002.

### **Procedure**

All students are required to complete the Southeastern Exit Survey during the semester in which they graduate. If a student reapplies for a later graduation semester, the Southeastern Exit Survey must be retaken, and only the most recent results are included in this report. At the beginning of the semester in which students had applied to graduate, students were sent an e-mail notification informing them of the need to complete the Southeastern Exit Survey. Students who still had not completed the Southeastern Exit Survey were sent a reminder e-mail mid-semester, and a letter via USPS two weeks prior to the end of the semester. The last week of classes, Deans were notified of the students in their colleges who had not completed the Exit Survey and were asked to contact those individuals. Computer stations were set up during the Fall and Spring Grad Fair, also giving students another opportunity to complete the survey.

### **Instrument**

The Southeastern Exit Survey contains 36 questions which address six general areas related to the student's major field: faculty and staff, courses, availability of courses and learning opportunities, resources and facilities, advising, and overall satisfaction. The answer options for these questions are 1 (Very Dissatisfied) to 5 (Very Satisfied), and are presented in Table 1.

The instrument also includes two questions addressing the students' plans for employment and further education following graduation. These two questions are:

30. What are your employment plans immediately following graduation?

1. Already have a full-time job
2. Looking for a full-time job
3. Already have a temporary position
4. Looking for a temporary position
5. Do not plan to work

31. What are your plans for further education following graduation?

1. Do not plan to obtain further education
2. Have been accepted into a graduate program
3. Plan to go to graduate school immediately following graduation, but have not yet been accepted
4. Plan to go to graduate school at some point, but not immediately
5. Will obtain further education, but not at the graduate level

**Southeastern Exit Survey (General Questions)**

## Introduction to the Southeastern Exit Survey

*The following is the exact text of the Southeastern Exit Survey.*

Congratulations on your upcoming graduation. We need your help, to provide information for programs at Southeastern to evaluate their effectiveness, and identify areas for improvement. Following is the Southeastern Exit Survey. It collects information from graduating seniors concerning academic experiences in their major at Southeastern. The information you provide will help your department and college evaluate the effectiveness of their programs. Because no two students have exactly the same experiences, your opinion about your major is extremely important. The number of questions in the survey vary, depending on your major.

The Office of Institutional Research & Assessment will compile the results for each college and major field. Your confidentiality is guaranteed. At no time will individual responses be released.

Once again, your opinion is very important to us. The survey will take approximately 10 minutes.

Thank you for your participation in this survey, and once again, congratulations on your impending graduation!

WARNING: This terminal is set to disconnect if there are no keystrokes on it for three (3) consecutive minutes. Any information you have entered will be erased, and you will have to begin the survey over again. Remember, if you do not complete this survey, your diploma will be held.
