MEMORANDUM

Louisiana Board of Regents Webinars and Call-In Sessions BORSF Competition Cycle 2017-2018

As the Louisiana Board of Regents (BoR) prepares for the FY 2017-18 BoRSF funding cycle with several programs significantly revised or refocused BoR staffers are planning a few novel approaches to discussing program changes and specific questions with administrators and potential applicants.

- **Programs and Process Webinar:** Carrie Robison, Deputy Commissioner for Sponsored Programs, will host a one-hour webinar on August 25 to summarize changes to the Support Fund and answer general questions. Each campus will have a single link to the webinar, but can invite individuals or groups to participate from a central location. The webinar link will be emailed on August 23rd to Institutional email addresses.
- **Ask-the-Program-Manager Days:** Managers of the competitive programs (R&D, Departmental Enhancement, and ATLAS) will set aside times during September to answer project- or PI-specific questions via Skype or phone. PIs can register for 15-minute call-in sessions (see registration links below) and may submit questions in advance to expedite the discussion.
