Admission Criteria And Academic Regulations

THIS CATALOGUE, issued in the spring of each year, is intended to give such a description of the work of the University and such a digest of its rules as are needed by the students. Neither the courses announced nor the rules given are valid beyond the academic year. By the end of the academic year a new catalogue will have been issued superseding all previous catalogues. The catalogue year will begin on June 1 each year.

STUDENT RESPONSIBILITY

All colleges and universities establish certain requirements which must be met before a degree is granted. These requirements concern courses, majors, minors (if needed), grades, grade point average(s), senior residency, and other stipulations with which the student must comply. Advisors, department heads, and academic deans will help a student meet these requirements, but THE STUDENT IS RESPONSIBLE FOR FULFILLING THEM. It is the student’s responsibility to schedule needed courses, establish prerequisites where necessary, and plan ahead so that all requirements will be fulfilled. Upon the completion of required course work, personnel of the University will determine whether or not the student receives a degree. If the requirements have not been met, the degree will be refused until such time as they have been met. FOR THIS REASON, IT IS IMPORTANT FOR EACH STUDENT TO BECOME ACQUAINTED WITH THE DEGREE REQUIREMENTS AND TO REMAIN INFORMED OF SUBSEQUENT CHANGES.

Also, it is necessary in the general administration of a university to establish broad policies and to lay down certain regulations and procedures by which they may be carried out. It is important that a student understand the policies and know the regulations and procedures which must be followed.

This catalogue is presented, therefore, not only to enable prospective students and others to learn about Southeastern Louisiana University, but to state policies, requirements, regulations, and procedures in such form as will be of help to the student. Students must abide by the current catalogue for all University rules, regulations and policies.

THE UNIVERSITY YEAR

The University year is divided into three semesters: fall, spring, and summer. The fall semester begins approximately the last week of August and is completed approximately the second week in December. The spring semester begins approximately the third week of January and is completed approximately the second week of May. The summer semester begins approximately the first week in June and is completed approximately the last week of July.

ADMISSION TO THE UNIVERSITY

The University administers all admission programs in compliance with policies established by the University of Louisiana System Board of Supervisors and Louisiana’s Board of Regents. The University reserves the right to deny admissions in instances which would be detrimental to the student or which would interfere with the capacity of other students to benefit from the educational experience. The Admissions and Readmissions Committee in each college has the authority and responsibility to review any question pertaining to admission and readmission.

All applicants entering through any type of application for admission or readmission must submit the application and non-refundable application fee based on the following schedule.

<table>
<thead>
<tr>
<th>Time Period</th>
<th>Fee Structure</th>

No Applications Accepted for Fall 2004 after August 15
Spring 2005:  Apply by December 1  $20 Application Fee
Apply between Dec 1-January 7  $20 Application Fee + $50 Late Fee
No Applications Accepted for Spring 2005 after January 7

Applicants who file early will receive information regarding early registration and orientation options. All inquiries for applications should be sent to: Office of Admissions, SLU 10752, Hammond, LA 70402.

DEFINITIONS OF ENTRY STATUS

Beginning Freshman— Applicant who has never attended any college or university.
Transfer Student— Applicant who has attended one or more colleges or universities.
Readmission Student— Applicant who has previous attendance at Southeastern Louisiana University.
Graduate Student— Applicant seeking admission to graduate school as new, readmission or transfer graduate student. (See section on Graduate School)

ADMISSION CRITERIA AND ACADEMIC REGULATIONS
UNDERGRADUATE APPLICANTS

For admission as a regular undergraduate student, an applicant must be a graduate of a state approved high school and have ACT scores, an application for admission, application fee, and immunization records on file. Louisiana law requires immunization against measles, mumps, rubella, and tetanus-diphtheria for all first-time students born after 1956. Immunization against tetanus-diphtheria is required of all students regardless of age. Students who complete the ACT (American College Testing Program) Assessment Battery and who list Southeastern Louisiana University (Code 1608) as a university to which their scores should be sent, will be mailed admission information.

Applicants who are graduates of a high school that is not state approved, or applicants who graduated with the General Equivalency Diploma may be admitted by submitting the application, high school transcript or GED diploma, and ACT score of 20 or higher. Students who do not meet the minimum ACT requirement may file an appeal for admission under alternative criteria. (See Admissions Appeal below).

A home-schooled student who does not have a GED may be admitted if he/she meets one of the following criteria:
1. ACT score of 23 or an equivalent SAT score of 1070 with no developmental courses needed and provide a high school transcript from a BESE-approved home study program.
2. ACT score of 26 or an equivalent SAT score of 1180 with no developmental courses needed.

Note: Graduates of non-approved home study programs outside of the state of Louisiana, who do not have a GED, must meet the second requirement.

To be fully admitted to Southeastern, first-time freshmen and transfer students with less than 12 hours must meet ONE of the following three criteria, and have no more than one developmental course requirement to take (See definition of developmental courses below):

1. ACT Composite score of 20 or higher
OR
2. High School Rank in the Upper 50% of graduating class
OR
3. High School GPA of 2.0 on the following 17 ½ units of high school courses.

</table>
Developmental Courses Defined

1. Students earning an ACT Math component score of 17 or below will need Developmental Math.
2. Students earning an ACT English component score of 17 or below will need Developmental English.

Developmental Course Completion Requirement

A student required to enroll in developmental Math or English courses must successfully complete the required courses in the first two regular semesters of enrollment to be eligible to continue. Students who do not meet this timeline must successfully complete the required courses at another college or university before being eligible to return to Southeastern.

Entry Options For Students Needing Two Developmental Courses

Students meeting one of the three regular admissions criteria listed above, but are required to take two developmental courses may be admitted through one of the following options:

1. Participate in a summer bridge program to satisfy a minimum of one of the two developmental requirements. Upon successful completion of the program, students may continue in the Fall but will be restricted to a maximum of 10 Southeastern hours. Students desiring to take more than 10 hours may cross-enroll in additional courses at one of Southeastern’s community college partners. Students may apply to participate in the cross-enrollment program through Southeastern’s Admissions Office.
2. Enroll at Southeastern in the Fall or Spring on a restricted basis. Enroll for a maximum of 10 credit hours at Southeastern and cross-enroll in at least one developmental course at one of Southeastern’s community college partners. Southeastern’s Admissions Office will coordinate the cross-enrollment process for students choosing this option.
3. Enroll in a community college and complete at least one of the two developmental requirements and then apply for admission as a transfer student to Southeastern for the following semester. Students choosing this option should contact a community college of their choice to apply for admission.

Admissions Appeal

Students who do not meet at least one of the three regular admissions criteria listed above will have an opportunity to appeal the admission decision. Admission under alternative criteria will be based on the following: life experiences, exemplary leadership, artistic ability, or a student’s ability to succeed. Alternative criteria appeal forms may be obtained at the Office of Admissions.

Summer Bridge Program

Summer Bridge is an entry program that provides beginning freshmen with the academic services that promote a successful transition into college-level studies and a university environment. Students who are not eligible for full admission because of two developmental requirements have the opportunity to satisfy one of the requirements in the summer semester. The summer program offers supplemental instruction and access to campus resources. Students who successfully complete this first course are eligible to return in the fall and enroll in a maximum of 10 Southeastern hours. Students desiring to take more than 10 hours may cross-enroll in additional courses at one of Southeastern’s community college partners.

Freshman Orientation

Freshman Orientation is a one-hour credit course designed to transition new students to the university environment, and is required of any student enrolling in Southeastern for the first time and classified as a freshman (29 or less hours earned). The course has two components. The Office of Admissions conducts a two-day initial orientation that reviews the background, policies and services of the University. Student Excellence Studies extends orientation via an on-line component (BlackBoard) which introduces students to on-line instruction, promotes student success through connections to faculty, other students and University activities, and reinforces students’ awareness of the resources Southeastern offers. The course is graded on a Pass/Fail basis.

The American College Test (ACT)

Southeastern requires scores on the American College Test (ACT) from all beginning freshmen and transfer students who have less than 12 hours of college credit. The ACT battery of test scores is used for admission and placement purposes. The test may be taken more than once in order to improve scores.
The test is administered at a number of centers in Louisiana as well as centers in other states and foreign countries. Administration dates are Saturdays in the months of October, December, February, April and June. High school juniors and seniors who plan to enter Southeastern should register to take the test at one of these times. The necessary materials for registering to take the test may be obtained from the high school guidance counselor, the high school principal, or the Southeastern Testing Office. All beginning freshmen must have taken the ACT prior to registering for classes. Athletes must have taken the ACT no later than June for Fall registration and October for Spring registration.

**SPECIAL PROGRAM OPTIONS FOR NEW STUDENTS**

**Southeastern Scholars Programs**

**High School Students**
Southeastern Louisiana University permits enrollment to superior high school students who have a proven high academic record along with the recommendation of their principal. High school students who are not yet seniors but who have an ACT composite of 24 or higher and a high school GPA of a 3.0 or better can begin their college experiences at Southeastern during the summers and throughout the school year while they are still attending high school. Scholarships are available for part-time enrollment for qualified students who participate.

Students should not schedule any courses at the University in any subject where high school graduation requirements have not been met. Credit may be applied toward a degree when the student meets regular admission standards, including graduation from high school. Federal (Title IV) Financial Aid is not available for students participating in this program.

**High School Graduates**
Qualified high school graduates who also meet the 24 or higher ACT and 3.0 or better high school GPA and want to get a jumpstart on their college education may enroll in a Summer Scholars Program. Scholarship funding is available to assist during the summer following high school graduation. Federal (Title IV) Financial Aid is not available for students participating in this program.

**Early Admission**
Early admission will be allowed if a student has made a B (3.0) or better average during six semesters of high school, and has an ACT composite score of at least 25, and has been recommended by his/her high school principal. Upon earning 24 semester hours of college credit, he/she may be granted a high school diploma by the appropriate Board of Education. The student should initiate the process by making a request to the Associate Director of Admissions.

**Program for Gifted-Talented Youths**
Southeastern Louisiana University offers a program for gifted-talented youths who may desire to take courses on a more advanced level in a college-oriented environment.

Selection of students is restricted to secondary grades. Students must present evidence of high intellectual or creative abilities and should possess the maturity to achieve in an adult competitive setting.

Documentation should include scores on standardized tests showing results in the 95th percentile/higher or grade placement at the 12.0 grade/higher, and a high school transcript with at least 3.0 GPA. Evidence of creative abilities can be documented by awards in competitive performances or by recommendation of teachers. Recommendation of teachers in the specific area of desired curriculum should accompany the application. Granting of high school credit for university work is based on the applicant having met parish and state criteria for gifted-talented students and the parish regulations governing same.

Applicants must secure written recommendations and approval of the school counselor, parents or legal guardian, the department head, and the instructor of the specific course(s) in which enrollment is desired. The Office of Admissions will provide information.

All fees regularly charged part-time students will also apply to the Gifted-Talented Program. Students may enroll for a maximum of two courses per semester. Federal (Title IV) Financial Aid is not available for students participating in this program.

Transcripts will be maintained in the Office of Admissions and will note the nature of the program and the admission status (Gifted-Talented Program). College credit will be reserved until graduation.
from high school or until early admission as provided for by action of the University of Louisiana Board of Supervisors. High school students who do not successfully complete a course may not be permitted to re-enroll until graduation from high school.

**Special Program for Adults (SPA)-Non-Degree**

Persons wishing to pursue credit courses without meeting the full requirements for admission to undergraduate status may apply to the Special Program for Adults (SPA) by completing a regular application for admission and submitting all the necessary documentation by the appropriate deadlines. Adults who have not attended high school or college for at least 3 years may apply for participation in this non-degree program and may enroll in one or two undergraduate courses for personal growth. Applicants must have a high school degree or the equivalent. A person who has previously attended an institution of higher education must be eligible to return to that institution to qualify for the program. Louisiana residents 60 years of age or older will be allowed to take 3 credit hours tuition-free.

If accepted to the program, all university deadlines, fees, and other regulations apply to SPA enrollment. All courses taken carry full academic credit and will appear on the transcript. Courses taken during enrollment in the Special Program for Adults, however, may or may not apply to a degree should the student decide to pursue a degree in the future. The student should consult with the department head of their intended major if they decide to pursue a degree. SPA students will be required to have ACT scores on file or proof of prerequisite prior to scheduling any English or Mathematics courses. Students may contact the Division of Continuing Education to obtain application materials or for more information about the Special Program for Adults. Federal (Title IV) Financial Aid is not available for students participating in this program.

**Transfer Students from Other Universities or Colleges**

**Eligibility**

A student transferring to Southeastern from another university or college must be eligible to re-enter the college or university from which the student is transferring, and he/she must meet the minimum scholastic standards set forth elsewhere in this Catalogue for Southeastern students. The student must have their credits sent directly to the Office of Admissions at Southeastern (if hand carried, must be in an officially sealed envelope). If a student is a veteran and was suspended, the student must be counseled by a VA representative before certification for entitlement. All suspensions from another university will be counted in the total number of suspensions. In the absence of academic action from the last session of attendance at a previous college or university, the same standards for suspension and dismissal will be applied as for Southeastern students.

Southeastern will admit transfer students based on the following criteria:

1. A student transferring with less than 12 hours of college credit must meet the admissions criteria of entering freshmen students. See the “ADMISSION CRITERIA AND ACADEMIC REGULATIONS” section in this catalogue for entering freshmen criteria. Also, the student must be eligible to return to the last college or university attended.

2. To be fully admitted to Southeastern, transfer students with 12 hours or more of college credit must meet one of the following criteria, be eligible to return to the last college attended and have no more than one developmental course to take. See “Developmental Courses Defined” under the “ADMISSION CRITERIA AND ACADEMIC REGULATIONS” section in this catalogue for entering freshmen criteria.
   a. Have a cumulative GPA of 2.0 on college work
   OR
   b. Must be in “Good” academic standing according to Southeastern's standards

Students meeting the regular admissions criteria listed above, but who still have two developmental courses left to take may also be admitted through one of the options outlined in “Entry Options For Students Needing Two Developmental Courses” located after the first-time freshman criteria in this section of the catalogue.

Transfer students are encouraged to have official transcripts from all colleges and universities attended sent 30 days before classes begin.

**Evaluation of Transfer Credit**

Courses evaluated by Southeastern for transfer credit from regionally accredited institutions will carry the grade earned at the institution where the courses were taken if the grading system used is comparable to Southeastern’s grading system. However, credits earned at foreign colleges and universities will carry the
grade of P. Technical and vocational credits are not accepted, nor is credit accepted for varsity sports. Transfer students should become familiar with sections of this Catalogue concerning the grading system, course repeat policy, and other academic regulations. THE EXTENT TO WHICH ANY TRANSFER COURSES MAY BE APPLIED TOWARD A DEGREE AT SOUTHEASTERN IS DETERMINED BY THE ACADEMIC DEAN AND DEPARTMENT HEAD.

A transfer student may complete requirements for graduation in the Southeastern catalogue in effect at the time of enrollment as a freshman in a regionally accredited institution of higher education or any Southeastern catalogue within seven years of that date, unless the student elects to change to another curriculum or there is a break of one calendar year or more in attendance at Southeastern. If there is a break of one calendar year or more in attendance, the student is subject to the catalogue in effect when re-entering or any in effect for seven years thereafter. If a student changes his curriculum, he will be subject to the catalogue in effect when he changes or any catalogue in effect for seven years thereafter.

Students who wish to transfer credits to Southeastern which were earned in a nontraditional manner, i.e., CLEP Subject or General Examinations, Advanced Placement, or Departmental Examinations, will have these evaluated by the Office of Admissions. Credit will be granted for Departmental Examinations and CLEP Examinations if the course(s) are listed on the student’s official transcript with a passing grade or the equivalent, and are within the policies for credit at Southeastern Louisiana University.

Advanced placement credit will be given in areas in which Southeastern normally grants such credit as shown elsewhere in this Catalogue. Indication of the advanced placement credit must appear on the student’s official transcript.

Credit is given at Southeastern for CLEP General Mathematics Examination. Transfer students with CLEP General credit, other than mathematics, on their transcript are encouraged to take the CLEP Subject Examinations or Departmental Examinations, which the University accepts for credit.

Transfer students who have question(s) concerning their transfer evaluation may request that a review be made of these by their academic dean, their department head, the Associate Director of Admissions, and/or the department head(s) in which the course(s) are offered at Southeastern. Requests must be made in writing to the Associate Director of Admissions and must list the specific course or courses in question. The student may be required to furnish course descriptions and may be required to appear before the reviewing committee.

Questions concerning transfer credits should be referred to the Associate Director of Admissions, SLU 10752, Hammond, LA 70402.

Acceptance of Credit Earned at a Non-Regionally Accredited Institution

In evaluating credits earned at a non-regionally accredited institution of higher learning, Southeastern considers the transfer acceptance practices of a major university or state educational agency within the state where the institution is located. Transfer Credit Practices Of Designated Educational Institutions (American Association of Collegiate Registrars and Admissions Officers) is used as a guide for this purpose.

Community or Junior College Transfer Credits

All academic hours earned at a junior college will be posted on the Southeastern transcript upon the student’s transfer. However, the maximum number of hours transferable from a junior college for degree credit is sixty-eight. No credit earned at a junior college may be used for credit at the 300 or 400 course level.

Concurrent Registration

A student registered at Southeastern may not receive degree credit at Southeastern for any work taken concurrently at another college or university, or by correspondence study, without prior approval of his/her dean. Any Southeastern student who wishes to take courses at another college or university during a summer, or during a regular semester when not enrolled at Southeastern, must also obtain prior approval of the dean.

Work taken concurrently will independently be subject to the same regulations as transfer work, and must meet the minimum scholastic requirements as set forth for Southeastern students elsewhere in this catalogue.

The Office of Admissions will prepare Course-Elsewhere Approval Forms and, to the extent possible, cross reference numbers for the courses the student desires to take at another college/university and have transferred back to Southeastern.
Readmission of Former Students

Students who have not been enrolled at Southeastern for the twelve (12) month period prior to the term admission is sought must file an application for readmission. Students on suspended status must also file an application for readmission if they are returning after the required suspension period. However, students under suspension are not required to file an application for readmission if they are returning to attend a summer session that falls within their suspension period. In addition to filing the application for readmission, former students must also have sent directly to the Admissions Office any credits they earned since last enrolled at Southeastern. (if hand carried, must be in an officially sealed envelope.) A non-refundable application fee is required of all students who apply for readmission to the University. An additional late fee is charged if the application is received after the established deadline.

Applicants for readmission who file early may be entitled to early register for the next semester.

INTERNATIONAL STUDENTS

All students who are not citizens of the United States or who do not possess a resident alien card are classified as International students.

All foreign nationals applying for admission to Southeastern Louisiana University should contact the Office of Admissions, SLU 10752, Hammond, LA 70402, USA, to request an application form. Foreign applicants must submit the following materials before eligibility for admission can be determined:

1. Application for admission accompanied by a non-refundable $30.00 (thirty dollar, US currency) fee.
2. Statement of financial responsibility, giving name and address of sponsor. International students are not eligible for Federal Financial Aid. Each applicant must show that he/she will be fully supported either by private or governmental sources.
3. An official copy of TOEFL (Test of English as a Foreign Language) scores for all whose native language is not English. A minimum TOEFL score of 500 on the paper test, or a minimum TOEFL score of 173 on the computer test, is required for admission. TOEFL scores will be accepted only from Educational Testing Service, Princeton, New Jersey, USA 08546, not from the applicant.
4. Complete and official transcripts of high school and college work, translated into English. Students with college credits must meet the academic requirements demanded of all other transfer students.
5. ACT (American College Test) scores: The ACT test must be taken prior to admission.

In addition, all international transfer students must follow U.S. Citizenship and Immigration Service regulations in effecting the transfer of schools.

All materials must be received by the Office of Admissions, SLU 10752, Hammond, LA 70402, USA by the following deadlines:

For Fall Semester Entry June 1
For Spring Semester Entry October 1
For Summer Term Entry March 1

University regulations require that all international students be covered by health, accident, and repatriation insurance programs. It is necessary that each international student show proof that he/she is currently insured by a valid health, accident, and repatriation policy from a U.S. insurance company or enroll in the Southeastern Student Health Program at the time of registration.

International students must maintain full-time status at all times in order to comply with U.S. Citizenship and Immigration Service regulations. All international students should report to the Office of Admissions as soon as possible after arrival on campus.

New international students with less than 30 credit hours are required to attend the freshman orientation program as required by University regulations. All new international students are also required to attend the international orientation program. All other regulations apply to international transfer students as they do to any other transfer applicants. International students should have at least a 2.0 grade point average on all work attempted.

STUDENT-ATHLETE ELIGIBILITY AND RETENTION

In order to participate in the varsity athletic program and receive athletically related aid, a Southeastern Louisiana University student must conform to the applicable rules of the Southland Athletic Conference (SLC) and the National Collegiate Athletic Association (NCAA). In addition, the student-athlete must demonstrate good academic standing by being enrolled in twelve (12) or more hours, and demonstrate satisfactory progress by fulfilling the requirements of NCAA By-Law 5, as stated in the NCAA Manual.
ACADEMIC RENEWAL

Students occasionally perform at an academic level which makes them ineligible to continue their studies, and they drop or are suspended from school. Subsequently, some want to resume their college work but find their previous academic record an obstacle.

Academic Renewal provides an opportunity for persons in this situation to apply for a fresh undergraduate start at Southeastern Louisiana University on the basis that their prior undergraduate record be disregarded and they begin their college study again with no credits attempted and no quality points earned. Academic Renewal may be awarded to a student only once and is applicable only to students enrolled at Southeastern.

Prior to applying for admission on this basis, at least five years must have elapsed since the end of the semester in which the applicant was last in attendance for credit at a college or university. The applicant must present evidence that the conditions, which caused the poor academic record, have changed so there is now a reasonable expectation that the applicant will perform satisfactorily if admitted.

Once the Associate Director of Admissions has approved academic renewal, the student must then meet regular freshman admission criteria. The Associate Director of Admissions will consult with the proper academic dean for advice on specific questions. Students showing competency in any area may be allowed advanced standing (without credit) or a waiver of requirements just as any entry-level student.

It should be noted that the prior record remains a part of the student’s overall academic record, but none of it carries forward as part of a degree program. The date of the Academic Renewal will be entered on the student’s transcript along with a statement prohibiting the use of previously earned credits and quality points in meeting degree requirements, computing grade point average, graduation status, or academic honors. However, the student will remain subject to University policies on probation, suspension and dismissal. Students are cautioned that graduate and professional schools often compute grade point average over all hours attempted when considering applicants for admission. Students should also be aware that other institutions to which they apply may or may not accept academic renewal granted at this institution.

Application forms are available in the Office of Admissions. The deadline for applying for academic renewal is the last day that the student may resign with a grade of “W” in the first semester of the student’s return to school. Supporting documentation and official transcripts from other schools must be on file to comply with the deadline.

ACADEMIC RENEWAL AT ANOTHER UNIVERSITY

A student who has enrolled at another regionally accredited institution of higher education under an Academic Renewal Plan (e.g., Academic Amnesty or Bankruptcy) may be considered for Academic Renewal at Southeastern provided that:

(1) The Academic Renewal Plan at the previous institution meets all the provisions of the Academic Renewal Plan at Southeastern; (2) credits earned since the student entered the program at a previous institution will be evaluated in the same manner as credits for other transfer students; and (3) the petition for Academic Renewal is submitted for approval to the admissions and readmissions committee and dean of the college which the student seeks to enter.

Forms are available in the Office of Admissions.

REGISTRATION

The University will allow only students in good financial standing with the University to participate in the early registration class selection process. This policy will be administered by the Controller’s Office and will include delinquent loans, delinquent receivables, NSF checks, etc., maintained within the Controller’s Office.

All continuing, upperclass transfer, and re-entry students are expected to present themselves for Early Registration in accordance with the plans of registration established for the current year and listed in the University Calendar at the beginning of this Catalogue.

Students should seek advice from their academic departments in preparing their class schedules, however, each student must assume the responsibility of studying his/her curriculum carefully and should register each semester according to its requirements. Continuing and upperclass transfer students are eligible to participate in Early Registration for the succeeding semester. Upperclass transfer students must have a completed application for admission and must have been admitted to the University in order to participate in Early registration.

Beginning freshmen are not permitted to participate in Early Registration except through the Early Orientation Programs.

Students who register during the Late Registration period as prescribed in the University Calendar will be assessed a $15.00 late registration fee.
AUDITING CLASSES

Students may register for courses for credit only, or for audit only, or combined credit and audit. Courses for audit count in total hours taken to determine fees to be paid, but do not count as enrolled hours in determining enrollment status or eligibility for financial aid or scholarships.

Instructors will determine attendance regulations for classes being audited and will inform students of the regulations at the beginning of the semester or summer session.

Students are not to change from audit to credit or from credit to audit after the last day for adding classes.

LECTURE/LAB REQUIREMENTS

For all lecture and laboratory courses offered by the Department of Biological Sciences or the Department of Chemistry and Physics, which must be scheduled concurrently, a student must register for both the lecture and laboratory courses at the time of registration unless they have special permission from the department head. During the drop/add period, the student may not drop one of the courses and keep the other; both lecture and laboratory courses must be dropped. After the drop/add period, a student may drop the laboratory course and keep the lecture course only with permission of the department head. In no case may the student drop the lecture course and keep the laboratory course.

DROPPING AND ADDING COURSES

Students may drop and add courses during the late registration period (see University Calendar). When a course is “dropped,” it no longer appears on the student’s record.

Before the “last day to withdraw or resign from the University” (see the University Calendar), a student can withdraw from a course by completing and submitting a signed Course Withdrawal Form available in the Enrollment Services Center. Upon submission of the form, a grade of “W” is assigned to each course.

After the “last day to withdraw or resign from the University,” a student who cannot complete a course due to circumstances beyond the student’s control may contact his/her academic dean to determine if the criteria are met for receiving a retroactive withdrawal.

CHANGES IN CURRICULA

To change a major from one curriculum to another, the student must process a Change of Major Form. The Enrollment Services Center, located in the North Campus Basic Studies Building, will provide the proper form.

RESIGNATION FROM THE UNIVERSITY

Students who must leave the University before the end of a semester should contact The Office of Records and Registration to discuss resignation rules. Prior to the last day to withdraw or resign from the University, students may obtain a Resignation Form from the Office of Records and Registration for the student to have completed. Upon submission of the completed form, a grade of “W” is assigned to each course.

Students who leave the University without officially resigning from the university are considered absent for the remainder of the classes and will receive the appropriate grade(s). These grades affect the student’s academic standing and may jeopardize the student’s eligibility to reenter the University, receive Financial Aid, or transfer to another accredited institution. In addition, students leaving officially or unofficially prior to the 60% point in the semester are obligated to return a portion of the federal aid received for that semester.

After the “last day to withdraw or resign from the University,” a student who cannot complete the semester due to circumstances beyond the student’s control may contact his/her academic dean to determine if the criteria are met for receiving a retroactive resignation.

LEAVE OF ABSENCE

Southeastern considers continuous progress of an undergraduate toward his or her degree highly desirable. Departments have designed programs so that a student will schedule approximately one-eighth of his degree credits each semester in an orderly and identifiable sequence. “Dropping in” and “dropping out” are permitted without formal request and without penalty except (1) when a student wishes to schedule work for credit in another university during a summer session, (2) during a semester while he or she is in residence at Southeastern, or (3) in a junior college after he or she has attained rank as a junior. A student returning to Southeastern after being out a year is required to return under the current catalogue unless he
or she has, prior to his or her dropping out, received a leave of absence for personal reasons or for doing work in another institution.

When a student desires to schedule work in another institution during a summer session or during a regular semester in residence, he or she must secure permission of the department head and the academic dean so that both the student and the University may be assured that the work taken is creditable toward the degree program. Some departments may not grant a student permission to schedule major courses elsewhere during his or her junior and senior years.

A student who transfers to another institution for one semester or more with the intention of returning to Southeastern should secure permission from the department head and the academic Dean so that both the student and the University will be assured that the work scheduled elsewhere is creditable at Southeastern. Forms for scheduling classes elsewhere are available in the Enrollment Services Center.

In case of a prolonged absence from classes because of illness, injury, or pregnancy, the student should discuss the problem with his/her academic dean. The dean will work within the University and departmental policies concerning leaves of absence for students.

**CLASSIFICATION**

Classification of students is based upon the number of semester hours earned.
The following rules govern the classification of a student:
1. Students are classified as freshmen until they have successfully completed thirty semester hours. Courses numbered 0 to 199 are primarily for freshmen.
2. To be classed as a sophomore, a student must have at least thirty semester hours of credit. Courses numbered 200 to 299 are primarily for sophomores.
3. To be classed as a junior, a student must have at least sixty semester hours of credit. Courses numbered 300 to 499 are primarily for juniors and seniors.
4. To be classed as a senior, a student must have at least ninety semester hours of credit. The term upperclassmen as used in this catalogue means sophomores, juniors, and seniors.

A freshman or sophomore student may register for a course at the 300 or 400 level which has a companion 500 level number only with the written permission of the course department head.

Courses numbered 500 and above are for graduate students only and cannot be counted toward undergraduate degree credit.

**SCHOLASTIC RATINGS**

**GRADING SYSTEM**

Students are graded on the following basis:

- **A** — work of the highest degree of excellence.
- **B** — good work.
- **C** — average work.
- **D** — work that meets only the minimum requirements for passing.
- **F** — failing work.
- **P** — passing (certain courses only), will not carry quality points, will not be computed in the student's average, and will not at any time for any purpose be translated into grade A, B, C, or D.
- **U** — unsatisfactory. A non-punitive grade in a remedial or developmental course. No hours attempted are recorded.
- **W** — withdrawal from a course after the last date to add classes but before the last day to withdraw or resign from the university for the semester. Please refer to the academic calendar for specific dates in the front section of the catalogue.
- **I** — For undergraduate courses the grade of I means “incomplete” and is given when the student's work to date in the course is of passing quality and the student has completed substantially all of the course requirements, but, due to circumstances beyond the student’s control, an exam or other course requirement is missing. I grades should not be assigned unless the faculty member has knowledge of the exact circumstances (e.g., prolonged illness, accident, etc.) and believes the student can make up the work in the required time frame. The deficiency must be met by the last day of late registration of the next regular semester or summer term unless extended by the student’s academic dean. I grades are removed only by completion of the course work, not by repeating the course. I grades are computed as F grades until changed to a final grade. I grades that are not resolved by the deadline and have not been extended by the dean will be changed to a grade of F (or U if appropriate) at the conclusion of late registration. The extension of I grades may be for a maximum of 12 months. After an extension of twelve months following the time it was assigned, the I grade will be changed to an F (or U if appropriate).
AU — Courses for audit count in total hours taken to determine fees to be paid, but do not count as enrolled hours in determining enrollment status or eligibility for financial aid or scholarships.

NC — No Credit. Given when a student enrolls in a course for which he/she is ineligible to receive credit.

WA, WB, WC, WD, WF — Although no longer used at Southeastern, grades of WA, WB, WC, WD and WF earned in the Spring of 1990 or earlier at Southeastern, or earned anytime at another college/university, are converted to the current grading system as follows:

- WA, WB, WC and WD are converted to W
- WF is converted to F

Students who earn credit through the College Level Examination Program (CLEP), the Proficiency Examination Program (PEP), advanced placement (AP), departmental examinations (DCE), or the CEEB Advanced Placement Program will receive Grade P. This grade will not be computed in the student’s average, will not carry quality points, and cannot be translated into grade A, B, C, or D.

QUALITY POINTS AND GRADE POINT AVERAGE

The quality of work is indicated by quality points. A student passing a course with a grade of A will receive four quality points for each semester hour credit to which the course entitles him/her; with a grade of B, three quality points for each semester hour credit; with a grade of C, two quality points for each semester hour credit; with a grade of D, one quality point for each semester hour credit; and an F carries no quality points. Grade I is counted as an F until resolved into a final grade.

The grade point average computed on all hours attempted is the Cumulative Grade Point Average. The Cumulative Grade Point Average is the only Grade Point Average that will appear on the academic transcript prior to graduation. The Degree Grade Point Average is calculated using the last grade earned for courses within a curriculum and is used to determine a student’s eligibility for an undergraduate degree.

A ratio of 2.0 between quality points earned and semester hours attempted is interpreted as a 2.0 (C) grade point average. To be eligible for graduation, a student must have a minimum Cumulative Grade Point Average of 2.0 (C) on all hours attempted, all required coursework in the major field, and on all Southeastern hours attempted; or, a minimum Degree Grade Point Average of 2.0 (C) on all coursework applicable to the student’s curriculum; on all required coursework in the major field; and on Southeastern coursework applicable to the student’s curriculum. Individual academic departments or colleges may set higher grade point average requirements for graduation and/or admission into specified programs. Policies regarding requirements in specific degree programs may be found in the appropriate academic section of this catalogue.

REPEATING COURSES

The following policy outlines the rules for repeating courses at Southeastern and details the use of repeated courses in the calculation of the different grade point averages.

1. A student who has earned a grade of “A” in any individual course is not eligible to repeat the course for additional academic credit or computation of any grade point average.

2. A student who has earned a grade of “B” or “C” in any individual course may repeat the course one time for credit in order to earn a higher grade. Both the first and second grades earned in the course will be computed in the student’s Cumulative Grade Point Average. Only the last grade earned will be computed in the student’s Degree Grade Point Average.

3. Any course in which a final grade of “D”, “F” or “WF” has been earned may be repeated as many times as needed.

4. After the course has been repeated, the last grade earned stands as the official grade. All grades for the course will appear on the student’s transcript.

5. When determining academic standing, campus awards, and honors, all grades appearing on the student’s transcript (Cumulative Grade Point Average) will be used.

6. Courses taken at Southeastern and not completed with satisfactory final grades may not be repeated for credit at another institution and the credits used to make up the deficiency at Southeastern. A satisfactory final grade is defined as the minimal acceptable grade for degree/graduation requirements for the student’s academic program.

7. Southeastern’s professional schools and academic colleges may set higher repeat rules regarding admission into specified programs. Policies for admission to and graduation from specific degree programs may be found in the appropriate academic section of this catalogue.

Using Repeated Courses in the calculation of the Cumulative and the Degree Grade Point Averages:
A. Cumulative Grade Point Average
All hours attempted and total quality points will be used in calculating the Cumulative Grade Point Average. Only the Cumulative Grade Point Average will appear on the academic transcript prior to graduation. Academic standing, campus awards, and honors will be determined by the Cumulative Grade Point Average.

B. Degree Grade Point Average
• The Degree Grade Point Average reflects only the last grade earned in courses required in the respective undergraduate degree. All prior attempts of courses repeated for credit are disregarded when calculating the Degree Grade Point Average.
• The Degree Grade Point Average in the major reflects only the last grade earned in all major courses required in the degree.
• The Degree Grade Point Average on courses taken at Southeastern reflects only the last grade earned in Southeastern courses applicable to the student's curriculum.
• The Degree Grade Point Average may be used as an alternate to the Cumulative Grade Point Average to determine a student's eligibility for an undergraduate degree. The Degree Grade Point Average is not reported with semester grades nor does it appear on the academic transcript prior to graduation. It is not used to determine academic standing, campus awards, or honors.

APPEAL AND CHANGE OF GRADE

After a final course grade is recorded in the Records and Registration Office, a change of grade must be approved in sequence by the instructor, the instructor's department head, and the academic dean of the college in which the course is offered. The Change of Grade Form is available to the instructor in the Records and Registration Office. No student is ever to be in possession of a Change of Grade Form.

In the event of a contested final course grade, a student’s written appeal of the grade must be submitted to the instructor within thirty (30) calendar days of final grades for the term being due, as reported in the current catalogue. A letter of appeal and all materials to be considered should be provided to the instructor. The instructor will render a decision in writing within ten (10) working days or as soon thereafter as practical. If the appeal is not resolved with the instructor, within ten (10) working days, the student may submit a written appeal of the problem to the faculty member’s department head, with a copy of all materials previously submitted to the instructor, with the instructor’s decision. Likewise, if the department head’s decision is in favor of the student, the faculty member may submit a written appeal to the department's academic dean within ten (10) working days. The department head will render a decision within ten (10) working days or as soon thereafter as practical. If the appeal is not resolved with the department head, within ten (10) working days, the student may appeal to the department’s academic dean by submitting a written appeal and copies of materials previously submitted to the department head. The dean’s decision will be rendered within 10 working days or as soon thereafter as practical and is final. (In the event the instructor is not available, the Department Head of the course may serve as proxy and work with the student to resolve the appeal.)

ACADEMIC PROBATION, SUSPENSION AND READMISSION REGULATIONS FOR UNDERGRADUATES*

Hours attempted is defined as all courses completed and those courses not completed in which the grade of “WF” was received. (WF grades were assigned at SLU prior to Summer 1990.) Grades of “I” are computed as “F” grades until changed to a final passing grade. Graduate students should consult the Graduate section of this Catalogue for probation and suspension criteria.

PROBATION

A student will be placed on academic probation whenever the student's Cumulative Grade Point Average is 10 or more quality points below a 2.0 average (A-4.0). A student will remain on probation until a Cumulative Grade Point Average of 2.0 or higher is achieved.

SUSPENSION

A student on academic probation will be suspended at the conclusion of any semester in which the student’s semester grade point average is less than 2.0. A beginning freshman may be put on probation at the end of the first semester of enrollment, but cannot be suspended. If a suspended student had registered during the Early Registration period for the next semester, the class schedule is cancelled. A stu-
dent may appeal the suspension prior to the beginning of a regular semester. If the appeal is granted, the student reenters on academic probation.

Students suspended for the first time will be eligible to return at the end of the next regular semester (fall or spring).* Students who are suspended for the second or subsequent times will be suspended for one calendar year.* (See * exceptions below.) At the end of the suspension period, the student is eligible to return but must apply for readmission to the University before reentering. A student may appeal a suspension for any semester during the suspension period. If the appeal is granted, the student reenters on academic probation. (Note: A student who has not attended a college or university for at least five years may wish to apply for Academic Renewal no later than the withdrawal deadline of the first semester the student returns to school. See “Academic Renewal” in the admissions section for specific details.)

To be readmitted to any regular semester after two or more suspensions, the student must file an appeal. Any suspensions from another college or university prior to enrolling at Southeastern will be counted for purposes of determining the length of the suspension period.

An undergraduate student suspended from a University of Louisiana System university may not enroll in another university within the System, but may enroll in a community college with approval of both the suspending institution and the community college. Credits earned under these conditions may be accepted for a degree at the suspending institution provided grades of “C” or higher are earned in each of the courses to be transferred.

*Attending the Summer Session While on Suspension. Students are allowed to attend summer school while on suspension; however, the student is not eligible for financial aid. Students who wish to attend the summer session while on suspension do not need to reapply for admission to the University. If at the end of the summer session, the student’s cumulative GPA is raised to 2.0 or higher, the student is returned to academic good standing. The student may then return to the University without an appeal. After the summer session, if the student does not raise the cumulative GPA to 2.0 or higher, the student is suspended again. However, this summer suspension does not count toward the total number of suspension. Any student who remains on suspension after the summer session will be eligible to return (based on their prior suspension period).

A student may elect to appeal the suspension to attend the summer session. If the student is granted an appeal for the summer session, the student returns on academic probation, and the guidelines for students on probation apply (see beginning of this section). The student must then appeal to Financial Aid for eligibility for aid. If a student returns to the University in the summer session based on an appeal, and is then suspended at the end of the summer session, the summer session is counted in the total number of suspension for the student.

**READMISSION AFTER SUSPENSION**

A student may apply to the University for readmission at the end of any suspension period and pay the appropriate readmission fee. However, the student should be aware that, after the third suspension, readmission to the University does not imply readmission to certain professional degree-seeking programs for which specific school or college requirements must be met. A student reentering the University at any time after being suspended enters on academic probation.

**INFORMATION SHOWN ON TRANSCRIPTS FOR STUDENTS TRANSFERRING**

Any transcript issued for a student on scholastic probation or suspension by an institution under the jurisdiction of the University of Louisiana Board of Supervisors shall show the effective date of such action and length of suspension.

**DEFINITION OF A FULL- AND PART-TIME STUDENT**

During a regular semester, an undergraduate student enrolled in at least twelve semester hours is considered full-time. During a summer session, a student enrolled in six or more hours is considered full-time. Exceptions to this policy are the following: (1) a student teaching when this is the only course needed and when the course carries less than twelve hours credit; (2) a student enrolled in an internship course. Interim courses (taught between semesters) are associated with the next upcoming semester.

Veterans attending the University under the G.I. Bill must maintain full-time status in any semester to be eligible for full benefits.

For students participating in an approved cross-enrollment program, the total hours enrolled at both Southeastern and the college/university at which the student is cross-enrolling will determine the students' full or part-time enrollment status.
MAXIMUM AND MINIMUM CREDIT HOURS

Full-time students may register for a maximum of nineteen hours during a regular semester. If a student has an average of 3.0 on a full-time load for the previous regular semester, the student may appeal to his/her academic dean to request an exception to the policy. A 3.0 grade point average made during a summer term will not be considered in interpreting this regulation. During the summer term the maximum number of hours for which a student may register is ten. A Summer student may also appeal to his/her academic dean for an exception to this policy.

Students who hold scholarships must comply with the regulations in regard to scholastic requirements as stated in the Scholarships section of this catalogue.

Students who are doing student teaching are not to register for more than fifteen semester hours during that semester.

EXAMINATIONS

Final examinations are held at the end of each semester, summer session, and short term. No students (seniors or others) are exempt from final examinations. No student (seniors or others) are exempt from final examinations.

REPORTS TO STUDENTS

All students have access to their grades, unofficial transcripts, financial accounts, and other information at any time through Southeastern’s web-based records and registration system. Consequently, printed grade reports are no longer mailed to the students at the end of the semester. However, printed reports of grades are available upon request to students at the end of each semester and summer session, provided the student has cleared all of his/her accounts at the Controller’s Office, the Bookstore, the Library, Campus Police and the Financial Aid Office.

TRANSCRIPTS

Any student who has attended Southeastern Louisiana University is entitled to an official transcript of the work he/she has completed, provided he/she has no “holds” on their records and has cleared any and all outstanding accounts with Southeastern. A written request must be filed with the Office of Records and Registration for an official transcript. Students requesting same day transcript service must pay an express fee of $5.00 to the Controllers’ Office for up to 3 copies. Request forms may be obtained in the Enrollment Service Center.

ACADEMIC INTEGRITY

The academic community relies upon a high standard of integrity in the relations among its members. To the extent that this standard is not maintained, the good of the community suffers, and injustice (sometimes serious injustice) may be done. One of the most important aspects of academic integrity concerns the just measure of each student’s academic accomplishments. These are ordinarily evaluated through written examination or submitted work. For such modes of assessment to operate fairly, it is essential that the instructor be assured that the work used to evaluate the student’s performance is genuinely the student’s own. It is also the responsibility of the student to uphold the academic integrity of the University. The use of unauthorized material, communication with fellow students during an examination, attempting to benefit from the work of another student and similar behavior that defeats the intent of an examination or other class work is unacceptable. Cheating on examinations, plagiarism, improper acknowledgment of sources in essays and the use of a single essay or paper in more than one course without permission are considered very serious offenses and shall be grounds for disciplinary action.

If a faculty member suspects that a violation of academic integrity has occurred, the procedure below will be followed:

**Academic Action** - Within ten (10) working days of discovering the alleged violation the faculty member will notify the student in writing of the alleged charges and the right of appeal (see current catalogue under, “Appeal and Change of Grade.”) No penalty will be imposed until the student has been informed of the charge and has been given ten (10) working days to respond and present a defense. The student must be given an opportunity to personally meet with the faculty member. In the event the faculty member is not available, the Department Head of the course may serve as proxy and work with the student to resolve the issue.

A. Agreement between the student and the faculty member that a violation has occurred, or no response from the student, will result in the assignment of a lower grade or an F to the test or assignment, or in the case of a serious violation, a lower grade or F for the course. This will be at the discretion of the instructor. A written report of the action taken must be filed with the
Department Head and Dean of the course involved. In addition, the Dean of the course
involved will provide a copy of the report to the Dean and Department Head of the student’s
major and the Office of Judicial Affairs.

B. If no agreement is reached between the faculty member and the student, the student may
then appeal the decision to the Department Head of the course involved. The student has ten
(10) working days to file such an appeal. The department head has ten (10) working days to
render a decision.

C. If the student or faculty member chooses to appeal the department head’s decision, the appeal
is then submitted to the dean who has administrative authority over the course. The student or
faculty member has ten (10) working days to file such an appeal. The dean has ten (10)
working days to render a decision.

D. The appeals must be based on one or more of the following criteria:
   1) The facts of the alleged violation were in error.
   2) The sanction imposed was inappropriate.

E. If all appeals are denied, the original sanctions will be imposed and a written report of the
action(s) taken will be filed with the Office of Judicial Affairs by the dean who has
administrative authority over the course. The Department Head and Dean of the student’s
major also will be provided a copy of the final report. In the event that a case cannot be
resolved before the final grades are due in the Records and Registration Office, the grade of ‘I’
will be assigned to the student for the course until the appropriate grade can be determined.

Judicial Sanctions - In addition to the academic actions described previously, if an act of academic
dishonesty is particularly egregious or repeated, judicial sanctions may be imposed. If the faculty member,
department head, or dean believes that a particular violation of academic integrity warrants disciplinary
sanctions such as probation, suspension, or expulsion, the academic dean who has administrative authority
over the course may file a written complaint with the Chief Judicial Officer for disposition of the matter
through the procedures outlined in the Code of Student Conduct. If there have been repeated acts of
academic dishonesty by the student, the dean of the student’s major or the Chief Judicial Officer may initiate
judicial procedures as outlined in the Code of Student Conduct.

COMPUTER USE POLICY

Southeastern Louisiana University has established a specific policy that governs the use and abuse of
the university’s computer resources. Students granted access to the university’s computing facilities are
required to abide by the established policy for computer use. A copy of the entire policy may be obtained on
the University’s Web page or by contacting the Basic Computing Services Help Desk.

The Computer Use Policy is a comprehensive policy dealing with all aspects of computer use and
abuse, whether physical or logical. It applies to all university computing facilities including mainframes,
minicomputers, microcomputers, and associated equipment and links, as well as software, whether
developed by Southeastern or purchased. If abuse, actual or threatened, is suspected or detected, the
matter will be referred to the appropriate law enforcement agency or university authority for disciplinary
action. Confirmed abuse can result in criminal prosecution, dismissal, loss of computer use privilege and
other such remedies as provided by established laws and policies of the university.

In general, abuse is defined as any improper use or treatment of computing facilities including, but not
limited to: acts which, by mischief or carelessness, result in damage, defacement, or destruction of
computing equipment; theft; unauthorized access or use; unauthorized alteration, substitution, or deletion of
programs, command files, data files, documentation, or other material; wiretapping or any form of
unauthorized signal interception; divulgence of confidential information or computer access methods to
unauthorized persons; copyright or patent infringement; transmitting obscenities or libelous statements
through or with computer systems; failure to safeguard computer systems in both their physical and logical
aspects; and failure to notify management or security personnel of instances of abuse, either actual or
threatened. The detailed and exact definition is specified in the university-published Computer Use Policy.

CLASS ATTENDANCE REGULATIONS

Class attendance is regarded as an obligation as well as a privilege, and all students are expected to
attend regularly and punctually all classes in which they are enrolled. Failure to do so may jeopardize a
student’s scholastic standing and may lead to suspension from the university.

59
Each instructor shall keep a permanent attendance record for each class. These records are subject to inspection by appropriate college or university officials. When any student receives unexcused absences (e.g., ten percent of the total classes) in any class prior to the published withdrawal date, the instructor may withdraw the student with a grade of W.

Specific policies regarding (but not restricted to) makeup of missed exams, submission of excuses for absences, procedures for appealing unexcused absences, and the manner in which attendance may be used in grading are to be established by individual departments and explicitly defined and expressed in instructors’ syllabi or course information sheets.

An absence must be considered excused if it is for one of the authorized activities listed in the section “Southeastern Attendance Procedures” and the procedures detailed in that section have been followed. An absence may also be considered excused if deemed so by the instructor.

**Southeastern Attendance Procedures**

An instructor may withdraw any student from a class for excessive unexcused absences. However, if a student who has been withdrawn from a class for excessive absences wishes to reenter that class, he or she may appeal for readmission no later than the published withdrawal deadline. This appeal must first be made to the class instructor, then (if necessary) to the class department head and finally the class dean. If readmission is granted the instructor must notify The Office of Records and Registration in writing upon the student’s return.

Absence due to authorized trips from the University or to special duties or activities at the University may be excused by the Vice President for Academic Affairs. Faculty and staff members in charge of these trips and activities must submit a list of students involved to the Vice President at least five working days prior to the trip or activity. Authorized activities include athletic, music events, student conventions, religious meetings, field trips, assisting in rallies, music festivals, etc. It is the responsibility of each student to make up necessary coursework missed by an excused absence.

It is a student’s responsibility to withdraw from a class. A student does not withdraw from class by failing to attend.

**Credit by Examination and Advanced Placement**

**General**

Southeastern Louisiana University assents to the opinion that persons having knowledge equivalent to that usually attained in specific courses should be advanced in level to afford a continuous challenge. In order to realize the fulfillment of this philosophy, certain policies and procedures have been adopted by the University regarding credit-by-examination and advanced placement.

Students may not receive credit through a national credit examination program such as CLEP or through departmental credit examinations in courses in which the student has earned a final grade at an accredited college or university. Audited courses and courses taken at non-accredited institutions may be completed through credit examination. Credit by examination may not be used to reduce the University’s residence requirements.

**Credits Through the College Level Examination Program Subject Examinations**

An enrolled or entering student at Southeastern may gain credit in a number of courses by completing certain subject examinations of the College Level Program (CLEP) provided by Educational Testing Services and administered through the Testing Office. CLEP Examinations may be taken at Southeastern by appointment only. All tests are Computer Based, which allow for immediate test result(s) upon completion of testing. Generally, one may schedule up to three tests on one test date.

Credit will be entered on a student’s transcript upon receipt of an official score from ETS, provided the student achieves at or above the level score accepted by Southeastern. A grade of P will be given and the course will not be computed in the student’s average. Unsuccessful attempts shall not be recorded against the student.

Southeastern will accept a maximum of 30 semester hours credit through CLEP and a maximum of 60 semester hours through all types of nontraditional educational experiences, i.e., Advance Placement Credit, Correspondence Courses, and Military Service credits (DANTES).

Students should be advised that credit will not be given through CLEP in the last 30 semester hours.

CREDITS THROUGH THE DANTES SUBJECT STANDARDIZED TEST

Under an agreement between the Chauncey Group International (Chauncey), a subsidiary of Educational Testing Services (ETS), and the U. S. Department of Defense, Southeastern Louisiana University is allowed to administer the DANTES Subject Standardized Tests (DSSTs). DANTES tests may be taken in the testing office at Southeastern by appointment only.

Credit will be entered on a student's transcript upon receipt of an official transcript from the Chauncey Group, provided the student achieves at or above the score accepted by Southeastern. A grade of P will be given and the course will not be computed in the student's average. Unsuccessful attempts will not be recorded against the student.

Students should be advised that credit will not be given through DANTES in the last 30 semester hours.

CREDITS THROUGH THE NATIONAL LEAGUE FOR NURSING

Any enrolled or entering student who meets the present criteria may gain credit in selected nursing courses by completing approved proficiency examinations provided by the National League for Nursing. Proficiency exams are given on national test dates and are designed to offer credit for knowledge obtained as part of the enrollment and completion of a Licensed Practical Nurse Program or Registered Nurse Program (Associate Degree or Diploma).

Proficiency examinations currently approved are listed below. Further information can be obtained from the Director of Testing.

SOUTHEASTERN LOUISIANA UNIVERSITY DEPARTMENTAL CREDIT EXAMINATIONS

Southeastern departmental credit examinations are administered in the summer, fall, and spring to Southeastern Louisiana University students and to entering students.

1. A student interested in taking departmental credit examinations may obtain the request forms at the Admissions Office or the academic department.
2. A student will have the request form approved by his/her department head, the dean of his/her college, and the head of the department administering the examination.
3. The University charges a fee of $5.00 per semester hour for credit examinations.
4. Credit examinations are given on the undergraduate level and on a limited basis in certain graduate degree programs.
5. Only courses passed will be recorded on the student's record. A grade of P will be given and the course will not be computed in the student's average.
6. Credit earned through departmental credit examinations will be limited to twenty-four semester hours. Credit earned through all types of nontraditional educational experiences, i.e., advanced standing credit, extension courses, correspondence-study courses, and military service credits will be limited to sixty semester hours.
7. The department head in which the course is offered will set the dates of tests at his/her discretion.

Departmental Credit Examinations are available in:

CREDIT THROUGH THE COLLEGE BOARD ADVANCED PLACEMENT PROGRAM

Southeastern participates with the College Board Advanced Placement Program. Students in selected high schools take college level courses in high school and their examinations are graded by the staff of the College Board.

The following list shows the Advanced Placement Courses, the required scores, and the equivalent Southeastern courses for which credit will be given at Southeastern.

ADVANCED PLACEMENT

Advanced placement is offered in the departments of English, Foreign Languages and Literatures, and Kinesiology and Health Studies in some courses. Credit will be granted in these courses after students have successfully completed the designated higher level course. See department head for detailed information.

CORRESPONDENCE AND EXTENSION CREDIT

Southeastern Louisiana University does not offer correspondence work, but will accept a maximum of 30 hours of correspondence and/or extension credit from accredited institutions which offer such work. Work taken by correspondence or at other institutions may not be used to satisfy the University's residence requirements.

In all instances a full-time or a part-time student at Southeastern Louisiana University who plans to take any work elsewhere (correspondence, extension, or resident) must obtain approval from his department head, his academic dean, and the Associate Director of Admissions.

UNITED STATES ARMED FORCES INSTITUTE (USAFI) COURSES

Southeastern Louisiana University is a participating institution with the USAFI program. Credits earned may be recognized by a division of Southeastern Louisiana University in accordance with the recommendations of the American Council on Education. The credits must be acceptable to the curriculum in which the student enrolls and must not duplicate other college credit earned.

MILITARY EXPERIENCE

Honorably discharged veterans of the United States Armed Forces may be allowed credit for kinesiology and certain other courses upon presentation of a copy of their discharge (DD 214) to the Admissions Office.

Additional credit may be granted for service schools where equivalence in terms of college courses has been recommended for college credit in the “Guide to the Evaluation of Educational Experience in the Armed Services,” published by the American Council on Education. Appropriate documents (i.e.: AARTS and SMARTS transcripts) must be submitted to the Admissions Office for an evaluation of these experiences. Credit is not granted for National Guard service.

SERVICE MEMBERS OPPORTUNITY COLLEGES

Southeastern Louisiana University has been designated as an institutional member of Service members Opportunity Colleges (SOC), a group of over 400 colleges and universities providing voluntary postsecondary education to members of the military throughout the world. As a SOC member, Southeastern recognizes the unique nature of the military lifestyle and has committed itself to easing the transfer of relevant course credits, providing flexible academic residency requirements, and crediting learning from appropriate military training and experiences. SOC has been developed jointly by the educational representatives of each of the Armed Services, the Office of the Secretary of Defense and a consortium of thirteen leading national higher education associations; it is sponsored by the American Association of State Colleges and Universities (AASCU) and the American Association of Community and Junior Colleges (AACJC).

PROFICIENCY IN ENGLISH AND MATHEMATICS

Students entering Southeastern are required by the Board of Regents to demonstrate proficiency in English and mathematics as part of the requirement for associate and baccalaureate degrees.

The following outlines Southeastern’s mathematics and English proficiency requirements. Students who pass Mathematics 160 or 161 or 165 or 200 or their equivalents with a grade of D or better will meet mathematics proficiency requirements. Students who pass English 102 or its equivalent with a grade of D or better will meet English proficiency requirements.

GENERAL EDUCATION REQUIREMENTS

The College and Department sections of this Catalogue describe each curriculum leading to a degree. Awarding of an academic degree assumes that the recipient has submitted to rigors of intellectual inquiry, achieved specialized and general knowledge, and acquired motivations and abilities for life-long learning.
Each Southeastern Louisiana University baccalaureate degree is designed to help the student progress toward vocational goals and toward the following goals in general education:
— to communicate effectively in oral and written English;
— to read with comprehension;
— to reason abstractly and think critically;
— to understand numerical data and statistics;
— to understand scientific method;
— to be familiar with key technological and informational applications;
— to learn independently;
— to recognize and appreciate cultural diversity;
— to understand the nature and value of the fine and performing arts;
— to develop a personal value system while retaining a tolerance for those of others; and
— to understand the American political and economic system.

Recognizing those general education goals, all baccalaureate curricula include the following minimum requirements: based on the Statewide General Education Requirements of the Louisiana Board of Regents:

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Minimum Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>English composition</td>
<td>6 hours and demonstrated proficiency</td>
</tr>
<tr>
<td>Mathematics</td>
<td>6 hours with Mathematics 160 as the minimum level and demonstrated proficiency</td>
</tr>
<tr>
<td>Natural Science</td>
<td>9 hours, to include a two-course sequence</td>
</tr>
<tr>
<td>Fine Arts</td>

</tr>
<tr>
<td>Computer literacy</td>
<td>To be demonstrated as required by respective curricula</td>
</tr>
<tr>
<td>International Education</td>
<td>International content, issues, and concerns to be incorporated as required within existing general education courses</td>
</tr>
</tbody>
</table>

Associate degree requirements include a minimum of three to six hours of English composition and demonstrated proficiency, three to six hours of Mathematics at a level no lower than Math 160 and demonstrated proficiency, three to six hours in the Natural Sciences: three hours in the Humanities: zero to three hours in Fine Arts: and three to six hours of Social/Behavioral Sciences. The exact requirements vary by degree. Computer Literacy is to be demonstrated as required by the respective curricula, and International Education is incorporated in existing general education courses.

- PHYS 221 and PHYS 222
- EASC/ESLB 101/103 and EASC/ESLB 102/104
- EASC 101 and EASC 102
GRADUATION REQUIREMENTS

SUMMARY

A candidate for a degree must accomplish the following:

1. Complete one of the curricula as outlined in the catalogue, including demonstrated proficiency in English and mathematics as mandated by the Louisiana Board of Regents.
2. Have a minimum Cumulative Grade Point Average of 2.0 (C) on all coursework, on all work attempted at Southeastern, and on all work in his/her major field.
   Or,
3. Have a minimum Degree Grade Point Average of 2.0 (C) on all coursework applicable to the student's curriculum; on all required coursework in the major field; and on Southeastern coursework applicable to the student's curriculum. Certain curricula as noted in the college and departmental sections of this Catalogue have higher requirements.
4. Earn the semester hours listed below at Southeastern Louisiana University. No time limitation in years or weeks will be set.
   A. Candidates for a Baccalaureate Degree
      1) at least the final 30 hours
      2) at least one-half of the hours required in the major field or fields
      3) at least 25 percent of credit semester hours must be earned at Southeastern.
      Work taken through correspondence courses, credit examination or military experience may not be used to satisfy these requirements.
   B. Candidates for an Associate Degree
      1) at least the final 15 hours
      2) at least 30 hours of the total hours in the program
      3) at least 15 of these 30 hours in the specialty field.
      Credit awarded for successful completion of academic work undertaken at another college or university may be used to fulfill these requirements provided that the student is a candidate for a degree at Southeastern and has obtained the prior written approval of the appropriate department head and dean before undertaking the academic work at another institution.
5. Clear all University accounts.
6. Comply with the deadline for applying for graduation:
   Applying for graduation is a two-step process that includes paying the diploma fee to the Controller’s Office and completing the application for graduation. If a potential graduate does not complete all steps of the graduation process by the appropriate deadline, the student will not be allowed to graduate in that semester.
   Potential graduates for Spring must complete the graduation application process no later than February 15.
   Potential graduates for Summer must complete the graduation application process no later than June 15.
   Potential graduates for Fall must complete the graduation application process no later than September 15.
   If the deadline falls on a University non-business day, the deadline will become the next University business day.
   After the student completes the graduation application process, the Records and Registration Office will then post the application data to the student’s record and forward the application and any accompanying documentation to the academic dean.
   For a complete outline of graduation application fees, please see “Graduation Fees” under the Fees and Expenses section in this catalogue.
7. Complete all assessment procedures related to general education and/or major field as required.
8. Be present at the Commencement exercises to receive the degree conferred.
9. Students in teacher education see Requirements for Student Teaching and additional College of Education and Human Development graduation requirements found elsewhere in this catalogue.

*See SCHOLASTIC RATINGS, this Catalogue, for explanation of calculation of grade point averages. The symbol “†” on each curriculum sheet identifies courses that are used in computing the major grade point average.
CANDIDATES FOR A SECOND BACCALAUREATE DEGREE
DOUBLE DEGREE, DOUBLE MAJOR, MINOR

Students who hold a baccalaureate degree from Southeastern or from a regionally accredited institution other than Southeastern may earn a second baccalaureate degree by completing thirty semester hours at Southeastern in addition to the requirements for the first degree and meeting all other requirements for the second degree. If the first degree is from Southeastern it is not necessary that the thirty hours be subsequent to the first degree.

Students who wish to pursue two baccalaureate degrees simultaneously at Southeastern must complete thirty semester hours in addition to the requirements for the first degree and complete all requirements for both degrees. Students completing two baccalaureate degree programs at Southeastern must file a graduation application for each and pay the diploma fee for each by the scheduled deadline.

If students choose to earn two majors or a major and minor they must be earned simultaneously. This can be accomplished by completing all requirements for both majors or by completing all requirements for the major and minor simultaneously. When earning two majors students must designate a primary major, a secondary major and indicate on the graduation application the second major. Students will only earn the degree associated with the primary major. The second major or the minor will be entered on the transcript. Students may not earn a second major after graduating with a first major and degree unless they earn a second degree (30 additional hours). Students may not earn a minor with an Associate Degree or without simultaneously earning a baccalaureate degree.

Provided there is not a break of one calendar year or more in Southeastern attendance, students may meet requirements for the second major or minor according to any catalogue in effect during enrollment for seven years prior to receiving the second degree, major, or minor.

There are special requirements regarding the General Studies Program and the College of Education. For further information, General Studies and Education majors should contact their director/department head. If a student wishes to earn more than one baccalaureate degree, one of which is a Bachelor of General Studies, the major concentration group in the General Studies degree cannot contain courses in the same subject as the major of any other baccalaureate degree earned or to be earned.

To initiate the Double Degree/Double Major process students should secure a form from their primary department.

CREDIT TOWARD THE DEGREE

Some courses are very similar in content to other courses. When a student takes two or more courses that have similar content, only one of the courses can be used toward the degree. Although the other course(s) cannot be used to satisfy a specific course requirement in the degree, all courses and grades will appear on the transcript and will be used in the calculation of the cumulative grade point average. In the calculation of the degree grade point average, however, since only the courses applicable to the student’s curriculum are used, the other course(s) will not be included in the degree grade point average.

Descriptions of affected courses contain a phrase such as, “Credit toward the degree will not be granted for …”. Students should read the course descriptions in the Departments of Instruction section in the back of the catalogue, or consult with their academic department if there are questions about whether or not credit for a course will be applied toward the degree.

PARTICIPATION IN STUDENT ASSESSMENT ACTIVITIES

Since 1987, Southeastern Louisiana University has focused on outcomes assessment as one of the key components of our commitment to excellence. Considerable effort has been focused on refining and implementing a comprehensive, effective, and efficient assessment program to determine the extent to which students’ learning needs are met. Assessments may consist of activities such as standardized tests, computerized exit surveys, paper-and-pencil questionnaires, exit interviews, and other means. Although not all students complete the same set of assessment activities, all students will be asked to participate at some points in their academic careers. Since student involvement is critical to the success of outcomes assessment, student participation in assessment activities is both necessary and required.

GRADUATION UNDER A PARTICULAR CATALOGUE

A student may meet degree requirements as stated in any Catalogue in effect during the years of enrollment provided:
1. the student has not changed his or her major, and
2. there is not a break of one calendar year or more in attending Southeastern, and
3. seven years have not elapsed since entering the major.
A student who changes his or her major, or declares a second major, or does not attend Southeastern for one calendar year or longer, must meet the requirements of the Catalogue in effect at the time of change of major, or declaration of a second major, or re-entry—or any Catalogue in effect between that time and that student's graduation. The student may declare a second major in any semester prior to graduation, including the semester of graduation. At no time may a student use a Catalogue in effect prior to the change in major, or declaration of a second major, or re-entry. The Catalogue year begins on June 1 each calendar year.

These academic regulations and degree requirements are subject to revision at any time to accommodate changes in Board policies, occupational and licensure requirements, and other situations involving the quality of the program.

**CONFERRING OF DEGREES**

Degrees are conferred at the winter and spring commencements. Students must apply for graduation and report their candidacy to the head of the department in which they are majoring and to the dean of their college or school during the semester before the degree is to be conferred.

**ACADEMIC HONORS**

Eligibility for honors is based on the criteria outlined in the University's current catalog. This may not be the catalog the student is following for curriculum purposes. Students who have done superior work at Southeastern Louisiana University will be recognized in accordance with the following rules.

I. **HONORS BEFORE GRADUATION**

Students will be recognized before graduation on one or more of the following basis:

A. **Semester Honors.** At the end of each semester, academic semester honors will be issued to all undergraduate students who earn 12 or more semester hours with a grade of A, B, or C with a semester grade point average of 3.000 or better. Students who receive grades of D, F, U, or I in the given semester are not eligible for the honors. Effective Summer 2003, the semester grade point averages for academic honors before graduation at all universities in the University of Louisiana System are as follows:
   - President’s List: 3.500 – 4.000
   - Dean’s List: 3.200 – 3.499
   - Honor Roll: 3.000 – 3.199

B. **Academic Honor Societies.**
   1. **The Thirteen Club.** Seniors who fulfill the following requirements shall be formally recognized as members of the Thirteen Club:
      - They must be full-time enrolled students in the University.
      - They must have an overall 3.200 grade point average.
      - They must have earned no grade below C.
      - They must have had all their academic work at Southeastern Louisiana University.
   2. **The National Honor Society of Phi Kappa Phi.** Seniors of sound character who fulfill the following requirements may be elected to membership in Phi Kappa Phi:
      - They must have been registered in the University at least one year.
      - They must rank in scholarship within the top eighth of their class (not to exceed ten percent of the senior class for that year).

C. **Academic Honors.** Numerous academic honors are awarded each year in the academic departments and colleges.

II. **HONORS AT GRADUATION**

The faculty will recognize as honor graduates those students who are receiving a baccalaureate degree who (1) have earned a cumulative grade point average of 3.500 or better, and (2) have completed at Southeastern Louisiana University sixty-five semester hours or more. The Cumulative grade point average includes course work that was transferred from another institution. Effective with the Summer 2003 semester, the cumulative grade point averages for honors at graduation at all universities in the University of Louisiana System are as follows:

- **Cum laude:** 3.500 – 3.699
- **Magna cum laude:** 3.700 – 3.899
- **Summa cum laude:** 3.900 – 4.000

*See SCHOLASTIC RATINGS, this Catalogue, for explanation of calculation of grade point averages.*
That student who has the highest average in his College or School and is eligible to be graduated *cum laude* (3.500 or above) shall be awarded the President's Medal for Academic Excellence. A recipient who earns a second baccalaureate degree and again qualifies for the President’s Medal will be awarded that Medal, provided sixty-five semester hours have been earned at Southeastern after completing the first degree. Those sixty-five hours must be in upper level courses or in courses required in the second-degree curriculum.

The faculty will recognize honor graduates of Associate Degree programs who have earned a grade point average of 3.5 or higher and who have earned at least 30 hours of the total hours in the program at Southeastern.
FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Students enrolled at Southeastern Louisiana University are hereby notified of their rights of access to their official records as described in the 1974 Family Educational Rights and Privacy Act (Section 513, P.L. 93-380, Educational Amendment of 1974, amending the General Education Provisions Act, Section 438, and amended by Section 2 of P.L. 93-568).

A student desiring access to his education records shall make a request in writing to the appropriate office. Requests concerning: (1) Admissions and Academic records should be made to the Office of Records and Registration; (2) financial records should be made to the Controller; (3) financial aid records should be made to the Director of Financial Aid; (4) career service, counseling, disciplinary and security records should be made to the Vice President for Student Affairs; (5) school and departmental records should be made to the Dean of the appropriate college; (6) employment records should be made to the Director of Financial Aid; (7) health records should be made to the Head Nurse, Health Center.

Parents are permitted access to education records with the prior written consent of the eligible student or without the prior written consent of the eligible student if that student is a dependent. Additionally, the University reserves the right to contact parents of students who are under 21 years of age if the student has been involved in a violation of the University’s alcohol or drug policies.

The parent of a student or a student who believes that information contained in the education records of the student is inaccurate or misleading or violates the privacy or other rights of the student may request the amendment of the educational records to the appropriate office responsible for the records. If the educational records are not amended, the parent of the student or the student may request a formal hearing on the matter.

Under the provisions of the Act, certain information designated as "Directory Information" concerning the student may be released by the University unless the student has informed the University that such information should not be released. Southeastern Louisiana University may release the following directory information: The student’s name, address(es), telephone number(s), dates of enrollment, college or school, classification, major, degree(s) earned, participation in officially recognized activities and sports, weight and height of members of athletic teams, and the most recently attended educational agency or school. Any person who wishes NOT to have any or all of the above listed information released must complete the appropriate form in the Office of Records and Registration. As provided in the Family Educational Rights and Privacy Act of 1974, Southeastern Louisiana University may disclose information to parents of students upon the parents’ establishment of the student’s dependency as defined by the Internal Revenue Code of 1954, Section 152. The required form of proof is a certified (notarized) copy of the parent’s most recent Federal Income Tax form.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agency); a person serving on the Board of Supervisors; or a student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

The University may also release personally identifiable information from the education records of a student to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by State Universities to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave., SW
Washington, DC 20202-4605

If further information is desired, contact the Office of Records and Registration.
