In addition, students in the Departments of Visual Arts, Biological Sciences, Chemistry and Physics, English, Foreign Languages and Literatures, History and Political Science, Kinesiology and Health Studies, Mathematics, Music and Dramatic Arts, and Communication who are preparing to become teachers in elementary and secondary schools are enrolled in the College of Education and Human Development.

OBJECTIVES OF THE COLLEGE

The College of Education and Human Development is concerned with programs preparing individuals for a wide variety of educational positions in schools, business, and governmental agencies. Primary consideration is given to experience that will prepare teachers, administrators, and school service personnel for the elementary and secondary schools. In more specific terms, the College of Education and Human Development is committed to:

1. Providing a broad background through courses taught in the various academic departments of the institution and recognized as general education.
2. Providing specialized education in major and minor teaching fields.
3. Providing opportunities for developing personal and professional competence and ethics, intellectual curiosity and integrity, self-discipline, and an understanding of people in the society in which they live.
4. Providing professional preparation through the courses offered by departments within the College of Education and Human Development.
5. Providing preparation in special related areas such as Counseling, Family and Consumer Sciences, and Social Work which do not require a teaching certificate.
6. Providing a foundation for graduate study.
8. Providing, whenever possible, outreach programs such as in-service workshops and graduate and undergraduate courses to the surrounding community area.

In order to complete the requirements for graduation and for teacher certification (for students in teacher education/certification programs), students must register in the College of Education and Human Development not later than the end of the sophomore year. In addition to the requirements in the departments and in the College, they must meet the requirements set by the University and outlined in the University Policies section of this Catalogue. The College of Education and Human Development Core Curriculum requirements are included in the courses listed in each curriculum.

SELECTIVE ADMISSION AND RETENTION IN TEACHER EDUCATION POLICIES AND PROCEDURES

The teaching profession is highly demanding and remarkably complex. A person desiring to become a teacher must maintain academic standards and demonstrate qualifications for successful teaching including satisfactory performance in field experiences. Therefore, the College of Education and Human Development at Southeastern Louisiana University reserves the right to recruit, admit, and retain in the Professional Program in Teacher Education only those students who show evidence of being capable of performing in an acceptable professional manner. Enrollment in the Professional Program does not guarantee that a student will receive the degree or certification sought simply because he/she completes a number of courses or is in the field the required number of hours.

Certification requirements are specified by the State Legislature, and/or the Board of Elementary and Secondary Education and coordinated by the State Department of Education. These requirements are subject to periodic modification, which may not occur at times appropriate for inclusion in the annual publication of the University catalogue. It is the responsibility of the students to make periodic checks for such changes with their academic advisors and/or department heads.

Students are required to submit an application for admission to the Professional Program in Teacher Education. Each candidate’s application must be reviewed for compliance with the standards of Selective
Admission and Retention in Teacher Education (SARTE) and by the Dean of the College of Education and Human Development.

I. Admission Procedures
A. Students in the College of Education and Human Development and other colleges that have approved teacher education programs must make application for admission to the Professional Program in Teacher Education at least four weeks prior to the end of any given semester in order to have their applications duly processed by the beginning of the following semester. The schedule for applying is the following:
1. Students in the College of Education and Human Development and other colleges that have approved teacher education programs will normally be required to make application for admission as students in Education 201 or 203.
2. All students must have formally filed an application before enrolling in any professional courses other than Education 201 or 203.
B. Students who make proper application will be screened and placed in one of the three categories described below:
1. FULL STATUS: Indicates all screening components have been met and the candidate is eligible to schedule remaining Professional Education Courses (EDUC, EPSY, ECE, and SPED prefix courses). Criteria for Full Status are:

   b. Maintain a cumulative or degree grade point average of 2.5 or better.
   c. Achieve a passing score on PRAXIS I PPST-Reading, Writing and Mathematics. (Refer to the Louisiana Department of Education website for current passing scores.)

Provisional status students may not schedule any professional education courses beyond EDUC 204. However, students in provisional status may schedule EPSY 301 or 311 as required by the individual’s curriculum.
3. INELIGIBLE: Indicates a student does not meet or maintain criteria for either full or provisional status.

II. Retention Procedures
A. Ongoing screening of each student utilizing the standards of the Professional Program in Teacher Education will occur each semester of a student’s enrollment.
1. Students will be permitted to enroll in any EDUC, ECE, EPSY, and SPED course only twice.
2. Students will be permitted to repeat only two EDUC, ECE, EPSY, and SPED courses.
B. Students demonstrating behaviors or characteristics that make it questionable whether they can succeed in the teaching profession will be referred for Professional Performance Review. A review may result in:
   1. No action being taken but further observations.
   2. Recommendation of a Professional Improvement Plan (monitored by the Coordinator of the Teacher Development Program).
   3. Referral to SARTE which may recommend:
      a. Probation with specified conditions.
      b. Temporary suspension from the Teacher Education program with specified conditions.

POLICY FOR STUDENT PORTFOLIOS
COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT
As part of the College of Education and Human Development focus on performance-based outcomes, portfolios will be incorporated into the assessment system for students enrolled in an approved Teacher Education Program. Students are required to submit portfolios through PASSPORT, a web based system that provides candidates, faculty, and administrative staff a system to gather, demonstrate, and evaluate performance
data. Candidates will be charged a one time non-refundable fee for licensure to use the system for seven years. This fee will automatically be charged the first time a candidate registers for a course offered through the College of Education and Human Development (EDUC, EPSY, EDL, ETEC, ECE, EDF, and LSED prefixes).

The portfolio will (1) allow the student to demonstrate, through reflections, his/her understanding of how the artifacts contained in the portfolio meet the program outcomes; (2) provide a process by which a student can become a reflective practitioner to foster continuous improvement; and (3) document a student’s growth from the Introductory Level (novice stage) to a level of competence as an educator, the Competency Level. Through the portfolio process, evaluators will have an opportunity to identify areas for improvement at each level of assessment and develop a plan for remediation when necessary. By completing and submitting a portfolio, students will gain an understanding that they are ultimately responsible for acquiring the knowledge and skills necessary for being an effective classroom teacher.

The portfolio will consist of artifacts, documents, and evidence, which demonstrate that the knowledge, skills, and dispositions as indicated in the Louisiana Components of Effective Teaching and the Program’s Conceptual Framework have been met. Students will be required to submit an Introductory Level Portfolio as a prerequisite to their first methods class (EDUC 321, 323, 326, 328, 485, or 490 or KIN 460), a Developing Level Portfolio as a requirement for student teaching, and a Competency Level Portfolio as a requirement for graduation. Students are to refer to the Teacher Preparation Portfolio Handbook for timelines and content requirements. The Teacher Preparation Portfolio Handbook will be approved each spring by the Council for Teacher Education for the next catalog year.

The majority of student teachers will be assigned to do their student teaching away from the campus community; therefore, student teachers must expect that they may be asked to make arrangements to be away from the campus for the student teaching semester. The Director of Student Teaching will make the assignments for each student teacher.

Under special circumstances a student may request permission from the Director of Student Teaching to schedule one course with student teaching. Any course scheduled in addition to student teaching must not conflict with student teaching. The hours involved in student teaching will be approximately 8:00 a.m. to 3:00 p.m., Monday through Friday.

In order to remain in student teaching, students are expected to meet and maintain desirable professional, physical, and moral standards consistent with their positions in the public schools.

A student who fails or is directed to withdraw from student teaching or the Practicum for Alternative Certification must complete a Professional Improvement Plan (Monitored by the Coordinator of the Teacher Development Program) prior to a second teaching experience. A student may not attempt student teaching a third time.

Nine semester hours are awarded for student teaching. Grades for all students are on the Pass-Fail basis (students should remember that they must have a cumulative or degree grade point average of 2.5 to be graduated in one of the teacher education curricula).
