

Southeastern Louisiana University
**The College of Business and
 Technology**

MICHAEL C. BUDDEN, *Dean*
 Bobbye J. Davis, *Assistant Dean*

MISSION

The College of Business and Technology prepares students to be leaders of business, industry, and government in a dynamic global environment. Complementing the primary commitment to quality instruction, the College values intellectual contributions of an applied or instructional nature and provides service activities to improve the quality of academic programs, students, and economic health of Southeast Louisiana.

OBJECTIVES

The College of Business and Technology functions within the scope and general purposes of the University by providing educational opportunities and experiences in general education, in specialized fields of business and technology, and through research and service activities.

More specifically, the objectives of the College include the following:

1. To provide a high-quality education in order to
 - a) prepare graduates to enter a career in business, technology and/or public service,
 - b) prepare graduates to enter graduate school,
 - c) prepare MBA graduates for management-level positions and doctoral programs,
 - d) give non-business majors an understanding of the operation of business firms within the economic system,
 - e) instill in students the importance of continuous learning, and
 - f) expose students to the use of technology in decision making.
2. To encourage and promote scholarly research and scholarly activity among the faculty consistent with that of a quality regional university in order to
 - a) enhance the students' classroom experience,
 - b) develop and disseminate knowledge, especially that which will benefit the geographical region, and
 - c) keep faculty members current in their disciplines.
3. To serve the University, the community and professional organizations in order to
 - a) assume a fair share of faculty responsibility in University governance,
 - b) share the knowledge and techniques of business, and
 - c) generally improve and enhance the quality of life in the region.

DEGREE REQUIREMENTS

The College of Business and Technology is composed of the Departments of Accounting, Computer Science, General Business, Industrial Technology, Management, and Marketing and Finance. Specific curricula leading to degrees have been designed by each department in the College. The curricula have been structured within the framework of the University requirements for graduation found elsewhere in this catalogue.

 *Accounting and business programs in the College of Business and Technology are accredited by the Association to Advance Collegiate Schools of Business International (AACSB). The computer science program is accredited by the Accreditation Board for Engineering and Technology (ABET). Industrial Technology programs in the College are accredited by the National Association for Industrial Technology (NAIT).

As part of the College of Business and Technology graduation requirements, each student must complete a general education core requirement and a College of Business and Technology core requirement. These requirements are listed below:

 Office Administration

HONORS DIPLOMA IN THE DISCIPLINE

The college also offers upper-division honors curricula allowing students to earn an honors diploma in a certain discipline at graduation. For information about requirements and honors courses in your major, please contact the department in which you are majoring.

PROFESSIONAL SOCIETIES

American Marketing Association

The Southeastern Chapter of the American Marketing Association received its charter in 1975. The purpose of the American Marketing Association student chapter is to foster and promote the study of marketing on the college campus. This organization is open to students with an interest in marketing. The major activities of the AMA are field trips to major marketing-related businesses, presentations by marketers at bi-weekly meetings, research projects, and banquets each semester.

American Society of Safety Engineers (ASSE)

Founded in 1911, the American Society of Safety Engineers is this nation's oldest and largest organization serving the safety, health and environmental practitioner. The ASSE speaks up for safety . . . in industry, government, standards development, education, training, and professional ethics. Its members include industrial safety directors, loss control specialists, industrial hygienists, environmental health specialists, educators, and many others who are concerned with the protection of life and preservation of health both on and off the job.

The presence of an ASSE student section on campus, sponsored by the Greater Baton Rouge Chapter of the ASSE, provides students with unequaled resources and opportunities that complement the safety education they receive at Southeastern. ASSE student members participate in safety-oriented service projects that benefit both the University and the community; they attend meetings and conferences where they hear speakers of national renown speak on topics of vital interest for their careers; and they have the opportunity to network with professionals who serve as advisors and mentors, and, in some cases, future employers.

Beta Alpha Psi

Beta Alpha Psi is the national accounting honorary and professional fraternity. The purposes of the organization are (a) to encourage overall academic achievement and specifically the achievement of high standards in the field of accounting; (b) to sponsor professional development programs for students and faculty of the Department of Accounting; and (c) to promote, through fraternal activities, the association of accounting students and professional accountants. Beta Alpha Psi is an integral part of the instructional program in accounting.

The Theta Eta Chapter of Beta Alpha Psi received its national charter in 1993. The organization was formerly known as Sigma Chi Alpha Accounting Honor Society and was organized in 1966.

Membership in Beta Alpha Psi requires the satisfactory completion of a pledge period for students who have met the following criteria:

1. Accounting major with junior standing or above.
2. Grade point average of 3.00 or better, or have a 3.25 grade point average on the most recent 30 hours of coursework completed.
3. Minimum of 6 semester hours of accounting courses numbered 221 or above.
4. Grade point average of 3.25 or above in all accounting courses.
5. All accounting courses taken at Southeastern Louisiana University or transferred from another university with approval of Department of Accounting Head.
6. Candidate of good moral character.
7. Membership approved by Accounting faculty and members.

Beta Gamma Sigma

Beta Gamma Sigma is a national scholastic honor society dedicated to principles and ideals essential to a worthy life as well as to a commendable business career. Only a college of business accredited by the Association to Advance Collegiate Schools of Business – International (AACSB-I) is permitted to maintain a member chapter. Membership is by invitation and only open to business students who are in one of the following categories:

1. The top 7 percent of the junior class.
2. The top 10 percent of the senior class.
3. The top 20 percent of the MBA class.

Financial Management Association (FMA)

The Financial Management Association is an international organization whose mission is to broaden the common interests between academicians and practitioners; provide opportunities for professional interaction between and among academicians, practitioners, and students; and to enhance the quality of education in finance.

The Southeastern FMA chapter, organized in 1966, is open to all majors. Activities include guest speakers from the local business community, tutors for beginning finance students, and social activities.

Institute of Management Accountants Student Chapter

Affiliated with the Baton Rouge Chapter, the Southeastern chapter of the Institute of Management Accountants (IMA) has three objectives:

1. To introduce management accounting and financial management to students planning careers in business.
2. To strengthen the knowledge and commitment of those already on the way to management accounting and financial management careers.
3. To demonstrate how IMA members work together for the continued improvement of the profession of management accounting/financial management and of their own skills in the field.

IMA membership provides opportunities for students to associate with practicing management accountants/financial managers to see how they live, work, and apply their knowledge. The devotion of professionals to ethical standards and to their professions is emphasized.

Membership is open to students who regularly carry six undergraduate or graduate hours or equivalent per semester.

MBA Society

The Southeastern MBA Society was organized in 1990 to encourage and promote the scholastic, social, and professional growth and development of candidates in the Southeastern Master of Business Administration program. The Society promotes the association between MBA candidates and the business community on a local and national level.

Membership is open to all graduate students enrolled in the MBA program at Southeastern.

Mu Kappa Tau

Mu Kappa Tau is the only marketing honor society that offers both national recognition and chapter affiliation to its members. Mu Kappa Tau is firm in its commitment to the recognition and encouragement of members seeking a life-long commitment to an exceptional standard of ethics and achievement within the field of marketing. Membership is limited to students majoring in marketing who have a cumulative grade point average of at least 3.25 on a 4.0 scale and rank in the top 10 percent of the junior class or the top 20 percent of the senior class.

National Association of Industrial Technology (NAIT)

The Southeastern student chapter of the National Association of Industrial Technology (NAIT) is a professional association for technical management students. The purposes of the organization are to:

1. Encourage professional and social development of its members.
2. Cultivate leadership qualities in its members.
3. Enhance knowledge through field trips, seminars, and guest speakers.
4. Exchange ideas, experiences, and friendships.
5. Develop networks of professional contacts.
6. Provide service to the IT Department, the college, the university, and the community.

Omicron Delta Epsilon

Omicron Delta Epsilon International Honor Society in Economics was organized in 1979 to recognize scholastic attainment and outstanding achievement in the field of economics. The organization's goals include the establishment of closer ties between students and faculty in economics and the promotion of the study of economics as a career field among the students at Southeastern Louisiana University. Membership in the society is open to junior and senior students who have

1. Completed 12 semester hours of economics with an average of 3.0 or above.
2. Earned a cumulative grade point average of 3.0 or above.

Phi Beta Lambda

The Upsilon Alpha Chi Chapter of Phi Beta Lambda was chartered in 1985. The purpose of the organization is to provide opportunities for post-secondary and college students

to develop vocational competencies for business, business technology, and communication. PBL is an integral part of the instructional program and promotes a sense of civic responsibility. The specific goals are to develop competent, aggressive business leadership; to strengthen the confidence of students in themselves and their work; to create more interest in and understanding of American business enterprise; to encourage scholarship and promote school loyalty; to assist students in the establishment of goals; and to facilitate the transition from school to work.

Phi Beta Lambda is open to all majors.

Society for the Advancement of Management (SAM)

The Southeastern campus chapter of the Society for the Advancement of Management received its charter in the spring of 1979. The purpose of SAM is to promote professionalism and provide relevant management education for college students. Membership in SAM is open to any student with a sincere interest in developing managerial skills. Members are provided the opportunity to communicate and interact with management professionals through campus activities.

Student Chapter of the Association for Computing Machinery

The Association for Computing Machinery established student chapters to provide opportunity for students to play a more active role in the Association and its professional activities. Objectives include:

1. Introducing students to the benefits of professional organizations.
2. Encouraging and enhancing learning through periodic meetings.
3. Participating in Association activities such as the Lectureship Program, International Collegiate Programming Contest, student poster contests, and the Publications Program.
4. Developing and demonstrating leadership capabilities.
5. Providing computing information to Association members, the university community, and the general public.
6. Acting as a training ground for the Association's future leaders.

Membership is open to those students interested in computing and the computing profession.

Students in Free Enterprise (SIFE)

The purpose of Southeastern's Students in Free Enterprise Chapter is to develop entrepreneurial spirit, communication skills, business acumen, and a competitive desire in students. Members of SIFE participate annually in intercollegiate competitions sponsored by Students in Free Enterprise, Inc. The competitions give Southeastern's SIFE members opportunities to develop their business communication skills, meet executives of major firms, and advance their career interests. Chartered in 1987, Southeastern's SIFE members have won numerous regional and international awards. Typical topics in competitions concern workplace literacy, federal debt, role of mass media, use of the Internet in business, and business ethics.

Sife welcomes all majors, including non-business majors.

Upsilon Pi Epsilon (UPE)

Upsilon Pi Epsilon is the international honor society for the computing sciences. The honor society is a member of the Association of College Honor Societies (ACHS); and it has received endorsements from the two largest computer professional organizations in the world, the Association for Computing Machinery (ACM) and the IEEE Computer Society (IEEE-CS).

The Southeastern chapter of Upsilon Pi Epsilon was organized in 1985. Members are chosen not only for their scholastic achievement in a computing science program, but also for distinguishing themselves as true professionals by meeting the standards and goals of the society.
