

The College of General Studies

BARBARA R. ALLEN, *Dean*

The College of General Studies is administratively composed of the Department of General Studies, the Office of Student Success, the Career and Academic Planning Center (CAP), and the Office of TRIO/GEARUP. The College supports the University's role and mission by providing educational opportunities, promoting scholarly activities, and encouraging service.

OBJECTIVES

The College of General Studies works with campus and school administrators, faculty, students and community representatives to prepare students for a wide variety of educational experiences and career opportunities. More specifically, the objectives of the College of General Studies include the following:

1. To offer degree programs that prepare students to enter careers requiring a broad background of knowledge and skills.
2. To prepare students to achieve career and life goals by
 - Encouraging them to enter the university through early admission programs.
 - Promoting student progression and persistence through success courses that target key issues in early college experiences.
 - Assisting them with career-decision making skills and information concerning job opportunities.
3. To promote the educational and cultural preparation, development, and advancement of diverse populations.
4. To assist in the academic success of junior high, secondary, and post-secondary students through federal and state grant initiatives.

DEPARTMENT OF GENERAL STUDIES

The Department of General Studies provides students with educational opportunities, experiences, and career direction to meet their professional and academic goals. An interdisciplinary degree is often highly desirable in a rapidly changing world, and a General Studies degree provides greater flexibility in creating an individualized curriculum. The purpose of the degree program is (1) to provide flexibility to students with broad interests, (2) to offer an option to those with new interests or those changing their majors late in their academic careers, and (3) to prepare students for entry into certain graduate and professional programs.

GENERAL STUDIES DEGREE PROGRAM

The Bachelor of General Studies degree affords broader course choices than are available in traditional majors. Status as a General Studies major requires a curriculum plan created by the student and a faculty advisor in the General Studies Department. The degree is based on the conditions and requirements listed below:

1. A minimum of 120-121 semester hours of academic work with a minimum degree grade point average (cumulative and Southeastern) of 2.0

2. Completion of the General Studies Core Curriculum requirements:

HONORS DIPLOMA IN THE DISCIPLINE

The department also offers a honors curriculum allowing students to earn an honors diploma in the major at graduation. For information about requirements and honors in this department, please contact the Department Head or a General Studies advisor.

ASSOCIATE OF GENERAL STUDIES

PURPOSE

The major purpose of a General Studies Associate Degree is (1) to prepare students seeking employment, (2) to make occupational advancement possible, and (3) to provide the general education foundation for those interested in continuing in a four-year degree program.

The Associate of General Studies may also be earned through an affiliation agreement with North Oaks Health System School of Radiologic Technology and Cardiovascular Technology Training, Inc. The clinical entry component is **extremely competitive**, and the completion of the core courses at Southeastern does not guarantee acceptance into the program. Once enrolled at North Oaks School of Radiologic Technology or Cardiovascular Technology Training, Inc., students are no longer eligible for financial aid at Southeastern. If a student is interested in this program, they should consult with the Department Head in Nursing.

Students should follow general associate degree requirements for the university.

OFFICE OF STUDENT SUCCESS

The Office of Student Success provides academic programs to freshmen, transfer, returning adult, and other new students that promote intellectual and social development. Degree-credit courses, offered through the Office, help students of all academic classifications to excel at Southeastern. This unit also coordinates the Southeastern Scholar Program for high school students and programs for immediate high school graduates.

HIGH SCHOOL STUDENTS

Southeastern Louisiana University permits enrollment to superior high school students who have a proven high academic record along with the recommendation of their principal. High school students who have an ACT composite of 24 or higher and a high school GPA of a 3.0 or better can begin their college experiences at Southeastern during the summers and throughout the school year while they are still attending high school. Tuition scholarships are available for part-time enrollment for qualified students who participate. Federal (Title IV) Financial Aid is not available to students participating in this program.

HIGH SCHOOL GRADUATES

Qualified high school graduates who also meet the 24 or higher ACT and 3.0 or better high school GPA and want to get a jumpstart on their college education may enroll in the summer following high school graduation with scholarship funding.

CAREER AND ACADEMIC PLANNING CENTER (CAP)

The Career and Academic Planning Center (CAP) promotes academic quality and seeks to accelerate progression toward graduation through a variety of enhancement programs. The Center—consisting of academic advising for undecided majors and student enhancement services and career exploration for all majors—offers support and guidance to students to maximize success in academic programs. Enhancement services include free tutoring for most subjects, supplemental instruction in traditionally challenging courses, academic skills workshops, and an academic support program for student athletes.

TRIO AND GEARUP GRANTS

TRIO/GEARUP Grants are designed and implemented to promote the educational and cultural preparation, development, and advancement of diverse populations to assist in academic success for junior high, secondary and post secondary students. Pre-college preparation, assistance in post-secondary enrollment, and services that enhance academic and non-academic student success are included in the comprehensive array of services available for student involvement. Collectively, these programs serve approximately four thousand participants annually.

The **Classic Upward Bound** program provides the academic strength, skills, and motivation in high school students to ensure success in post-secondary education. On Saturdays and during a six-week on-campus summer program, participants receive instruction in literature, composition, foreign language, mathematics, and science. Qualified high School juniors and seniors can earn college credit while working with the program.

Math-Science Upward Bound provides a center to offer a mathematics and science curriculum to sixty high school students in a five-state area for the purpose of preparing them to enroll in high school mathematics and science courses, and upon graduation, to enroll in a post-secondary institution in a math science curriculum. These students participate throughout the academic year through internet-based assignments and attend a six-week summer residential program where college professors mentor and guide their learning and research. Participants qualify to earn college credit while they are juniors and seniors in high school.

The **Educational Talent Search Program** assists students in persisting with and completing secondary school, as well as enrolling in a post-secondary educational program. Academic and social needs of high school juniors and seniors are addressed by offering academic tutoring, LEAP remediation, and workshops in the areas of financial aid, personal and career counseling, ACT testing, enrollment, and essential life skills.

The **Educational Opportunity Center** targets adult citizens 19 and older by providing educational preparation through tutoring, workshops, and pre/post-testing for entrance into institutions of higher education. Other services include career exploration and financial aid assistance.

Veterans Upward Bound provides veterans with assistance and services to obtain the skills and motivation necessary to pursue a program of post-secondary education. Academic and career assessment, academic instruction and tutoring, enrollment and admission services and other enrichment activities are provided to veterans at both the main campus and at the Baton Rouge Center.

Student Support Services provides academic support for first-generation and low-income students enrolled at Southeastern to increase their retention and graduation rates. Services include tutoring, academic and non-academic workshops, financial aid, career exploratory assistance, supplemental instruction and cultural experiences.
