

DEPARTMENT OF MUSIC AND DRAMATIC ARTS

Music curricula in the College of Education and Human Development lead to the degree of Bachelor of Music Education (B.M.Ed.) which meets state teacher certification requirements. The degree is designed for students preparing to become professional music educators. Those interested in music therapy should consult with the Department Head for special course recommendations.

The Department of Music and Dramatic Arts is an institutional member of the National Association of Schools of Music. Entrance and graduation requirements as set forth in the general university catalogue are in accord with published regulations of N.A.S.M.

Attendance at recitals, concerts, and music theatre productions is essential for music education majors. Students are required to consider attendance expectations when formulating their academic and personal schedules.

Students majoring in music education will identify a primary performance area, for which they will register for applied music courses throughout their undergraduate program. Applied study will serve as one of the basic instructional areas for developing expressive musicianship. One and/or two credit courses cannot be combined for a single course.

All students majoring in music at the undergraduate level must pass an upper division qualifying performance exam. Successful completion of this exam will allow the student to enroll in 400 level applied music courses. The student will be expected to display technical proficiency and artistic maturity through repertoire approved by all faculty in each applied area (Keyboard, Instrumental, and Vocal).

The upper division performance exam should be taken at the end of the student's fourth semester of applied study at the 100 level. If the student does not pass the exam on the first attempt, he or she will be granted a probation period of no more than two semesters of required applied study to retake the exam. At the end of the probation, if the student has not passed the exam, he or she will not be allowed to continue as a music major.

Except for the semester of student teaching, students are required, in each semester of full-time residence, to register for a specific major ensemble most closely related to their primary performance area (band/choral/orchestra). The choice of which ensemble will be made by the director of bands, director of choral activities, or the director of orchestral studies with the assistance of area applied music instructors. Students whose primary instrument is piano or guitar would normally follow the vocal emphasis requirement; however, students are able to select the instrumental emphasis with the approval of their advisor and Department Head. Guitar majors may satisfy ensemble requirements by performance in MUS 145/445 (Chamber Ensemble).

Students must arrange their academic and personal schedules to avoid conflicts with scheduled ensemble rehearsal and performance commitments.

Music students are required to provide materials and equipment needed for instruction and performance.

HONORS DIPLOMA IN THE DISCIPLINE

The department also offers an upper-division honors curriculum allowing its students to earn an honors diploma in the major at graduation. For information about requirements and honors courses in this department, please contact the Department Head.
