

The College of Nursing & Health Sciences

Donnie Booth , Dean

The college of Nursing and Health Sciences is composed of the Departments of:

- [Communication Sciences and Disorders](#)
- [Kinesiology and Health Studies](#)
- [Nursing](#)

Department of Nursing

The Department of Nursing is composed of the Bachelor of Science in Nursing and the Intercollegiate Consortium for a Master of Science in Nursing programs. The baccalaureate program is approved by the Louisiana State Board of Nursing and both programs are accredited by the National League for Nursing Accrediting Commission, 61 Broadway, New York, New York 10006, Telephone (212) 363-5555 ext. 153.

Department of Communication Sciences & Disorders

The Department of Communication Sciences & Disorders provides professional services to school systems, medical, and rehabilitation facilities within the University's community to assist in strengthening their programs for individuals with communication disorders. The Department of Communication Sciences & Disorders offer undergraduate curriculum in Speech, Language, and Hearing. This four-year curriculum prepares students to serve individuals with communication disorders. Clinical practica are required. The Department also offers curriculum and clinical practica leading to a Master of Science degree with a concentration in speech-language pathology. For information regarding the Master of Science degree in Communication Sciences & Disorders, refer to the Graduate School section of this catalogue.

Department of Kinesiology & Health Studies

The Department of Kinesiology and Health Studies includes study in the areas of health, kinesiology, sport, and dance with various areas for specialization and/or certification.

A variety of sport, fitness, and dance activity classes are available to all students in the University. Non-kinesiology majors are recommended to take 100 level kinesiology laboratory courses because of their lifetime emphasis.

A master's degree is offered in Health and Kinesiology. Within the degree are concentrations in health studies, health promotion and exercise science, kinesiology, and exercise science.
