Boots to Business Reboot is a two-part training program that provides an overview of entrepreneurship and applicable business ownership fundamentals. Active Duty Service members (including National Guard and Reserve), Veterans of all eras and military spouses are eligible to participate.

Part one is a one-day introduction to Entrepreneurship course facilitated by subject matter experts from the SBA and their extensive network of skilled business advisors.

Part two is a six-week online Revenue Readiness, Business Model to Business Plan course.

Note: A participant must complete the one-day course to be eligible for the six-week online portion of the program.
