Explanation of reciprocity: The LALINC Reciprocal Borrowing Card is based on the level the
home library is willing to reciprocate with any other participating LALINC library. Levels range
from 1 – 4 with 1 (one) as the most restricted reciprocity. Each library selects a level at which they
will reciprocate. The lowest common level of reciprocity between any two libraries is the level at
which the libraries will reciprocate (example: Library A is Level 2 and Library B is Level 3, these
two libraries would reciprocate at Level 2). Check with the home library for the reciprocity level
of other libraries.

Distance Education exception: Any student, regardless of classification, enrolled in a Distance
Education class taught at another location/institution may be extended reciprocal privileges.

As a patron with an “acceptable circulation status,” I am applying for direct borrowing
privileges at universities in the LALINC program. I will abide by the lending policies of
those universities and will be responsible for materials I borrow.
