**Things to Remember**
when entering faculty reassigned time:

- Double-check and make sure you are in the correct term before adding any reassigned time.

- Assignments NOT considered part of a faculty member’s regular duties, and are funded through alternative means such as supplemental pay (e.g. EMBA classes), should NOT be included in a faculty member’s workload.

- The budget unit number of a grant must be the first five digits in the description field for grant reassigned time.

- Remember to choose Summer assignment types for Summer Terms. You will be able to recognize Summer assignment Types because they begin with the letter “s.”
