

Department of Biological Sciences Seminar Series
Southeastern Louisiana University – Spring 2014

All seminars are held on Thursday at 4pm in Meade Hall Room 112 unless otherwise indicated.

- 6 Feb Dr. Maureen Donnelly
Florida International University, Dept. of Biological Sciences
The Strawberry Poison frog: ecological and evolutionary studies of a model organism.
- 13 Feb **New Grad Student Presentations – Group 1: Bozeman, Eierman, Gautreaux, Gentry, Lemons, Normand**
- 20 Feb **New Grad Student Presentations – Group 2: Dobson, Michaelson, Myre, Plylar, Wasserman**
- 27 Feb Dr. Joseph Mendelson¹ & Dr. Karen Lipps²
¹Zoo Atlanta, Director of Herpetological Research
²University of Maryland, Dept. of Biology
Mardi Gras Tag Team speakers
Shifting baselines & the new normal: exploration, collaboration and the history of amphibian population declines
- 6 March Dr. Michael Moore
Tulane University, Dept. of Biomedical Engineering
Neural micro-engineering for modeling neurological disorders & therapies.
- 28 March Dr. Jerry Jaax
FRIDAY Kansas State University, Biosecurity Research Institute
11:30am BGSO Super Speaker
Title TBA
- 3 Apr Dr. James Albert
University of Louisiana – Lafayette, Dept. of Biology
River capture promotes diversification in Neotropical freshwaters.
- 17 Apr Dr. Stephen Secor
University of Alabama, Dept. of Biology
Gastrointestinal physiology of snakes: evolution of plasticity, mechanisms of flexibility.
- 1 May Dr. Emily Monosson
Environmental Toxicologist, Writer
Adjunct Professor, University of Massachusetts, Dept. of Environmental Conservation
Evolution in a toxic world.
