

Continuing Education

2006 - 2007

The Division of Continuing Education and Special Activities' main functions are the coordination of all non-credit and special activities, both on and off-campus, and the coordination of off-campus credit courses and telecourses. Continuing Education strives to meet the needs of the non-traditional student as well as the needs of business, industry, government, and the public sector. The division offers a variety of camps during the summer, and is also responsible for reserving Southeastern's facilities for off-campus groups.

Accomplishments of Continuing Education during the 2006-2007 academic year include:

- » 6,621 enrolled in academic courses at eight off-campus sites
- » 14,673 enrolled in electronically delivered courses - 669 classes
- » 418 students enrolled in non-credit courses resulting in 242.6 CEU's awarded
- » 4,264 students participated in Summer Camp Programs
- » 29 off-campus groups reserved Southeastern's facilities, attracting over 15,000 visitors to the campus
- » 351 workers attended the Incumbent Worker Training Program courses taught by Southeastern instructors
- » 2,468 workers attended the Incumbent Worker Training Program courses taught by outside vendors
- » 179,832 individuals attended events at the University Center (not including students attending classes)
