

Louisiana State Science Olympiad Policy Letter
Effective March 30, 2014
MULTIPLE TEAMS POLICY

1. Any given school (public, private, charter, home) may register two (2) teams per division for any tournament at the regional level of competition.
2. All teams within the same division from a particular school may attend only one (1) regional competition.
3. When a school has two teams, students can only be members of one team and cannot compete on more than one team at the regional tournaments. Example: If a school has team 1 and team 2, students from the different teams cannot substitute for each other.
4. Each school may send only (1) team per division to the Louisiana State Science Olympiad.
5. The one (1) team per division that represents a school at the Louisiana State Science Olympiad may be comprised of any of the school's students that have competed on a team at the regional level.
 - Membership is not limited to the students who comprised the winning team in a regional tournament.
 - Any student that was a member of an eligible team competing at a regional tournament can be a member of the school's Division B team.
 - Any student that was a member of an eligible team competing at a regional tournament can be a member of the school's Division C team.

Adopted by the Executive Board of the Louisiana Science Olympiad on March 28, 2014.
