Biographical Data and References

Steven P. Pereira, a Certified Safety Professional (CSP), is President of Professional Safety Associates, L.L.C., a safety, training and loss prevention consulting firm based in Denham Springs, Louisiana. He is a Professional Member of the American Society of Safety Engineers (ASSE) with over 30 years of safety and loss prevention experience. He is a graduate of Southeastern Louisiana University with a Bachelor's Degree in Industrial Technology and has a Master's Degree in Construction Science and Management from Clemson University. He also teaches two (2) courses for Southeastern Louisiana University in the Occupational Safety, Health and Environment four-year Bachelor of Science degree program.

Mr. Pereira serves as an instructor at the National Center for Construction Education and Research (NCCER) Supervisors, Project Managers and Safety Academies held in conjunction with Clemson University.

Mr. Pereira has assisted companies with the development of their incident investigation policies and procedures and has been retained by industrial facilities, contractors and attorneys to investigate or facilitate the investigation of serious industrial accidents. In addition, he has assisted clients with the development and implementation of emergency and disaster plans and the training of their Hazardous Material Emergency Response personnel.

Mr. Pereira has presented seminars at ASSE Symposia including:

- Procedures for Managing the Incident Investigation after Serious and Catastrophic Incidents
- Managing Contractor Safety in the Manufacturing Sector
- Analyzing Performance Problems: Real Life Applications in Accident Investigation
- Auditing Compliance with Work Permit Procedures

He conducts seminars for the American Society of Safety Engineers on:

- Incident Investigation and Root Cause Analysis
- Incident Investigation for Serious and Catastrophic Incidents – Managing the Process
- Construction Health and Safety Technology Examination Preparation Course
- Safety and Health for Engineers
