## 2021 – 2022 Catalogue

## Bachelor of Science in Health Sciences

The Bachelor of Science in Health Sciences degree prepares students to pursue a variety of career opportunities in public health, health education, health care and other health science related industries. Coursework focuses on evidence based public health strategies to prevent chronic disease and promote community population health. Graduates will be prepared with the skills and competencies of the Certified Health Education Specialist (CHES). Additionally, it provides students with a solid undergraduate foundation to pursue further graduate study and/or professional degrees (e.g., occupational therapy, physical therapy, physician assistant, dental hygiene, and public health).

## Curriculum in Health Sciences Leading to the Degree of Bachelor of Science

## First Year

FIRST SEMESTER  1English 101 <sup>G</sup>	S.H. 3	SECOND SEMESTER  1English 102 <sup>G</sup>	S.H
