

# **SECOND PLACE WINNER - FEBRUARY 2022**

## **PROBLEM 2 OF THE MONTH**

**Pradip Hamal**

Pradip Hamal is a sophomore at Southeastern who was born in Nepal. He is a Computer Science major with a scientific concentration. He enjoys learning new things and fiddling with technology. He also enjoys video games such as DOTA and FIFA. Pradip enjoys Leslie Nielsen in parody films. He also enjoys reading fiction and mystery novels. In the future, he wants to work as a software developer and introduce new technology to the world. Pradip is a frequent participant of the Math Department activities, and also the winner of several Problem of the Month events. The Department wishes him the very best with all his future endeavors!
