

FUTURE FEST 2021

with Southeastern S.T.I.L.E.* / Louisiana Gear Up

*Science & Technology Interactive Learning Experiences

Future Fest is an **eight (8) day** online, virtual camp filled with exciting opportunities for **10th and 11th grade** Louisiana GEAR UP students to discover and explore STEM-related fields.

From the comfort of your home, you will talk with industry experts, perform cutting-edge science, investigate career paths, and prepare yourself for a powerful future!

July 5 - 9 from 10:00 am - 2:00 pm

July 12 -16 from 10:00 am - 2:00 pm

A new theme each day with bonus virtual field trips on **Friday July 9 & 16.**

Everything you need will be shipped to you in a box to keep:

- Arduino microcontroller and electronic parts
- Pedometer and virtual outbreak tools
- Rollercoaster and catapults
- 3D printed mask
- 16G flash drive wristband
- Camp bag and more!
