

Passenger List and Waiver Information for Group Field Trips to
Turtle Cove Environmental Research Station (3 of 3 forms)

Note: All passengers on board the Turtle Cove Pontoon Boat must have their names printed on this form prior to leaving the dock—the form should be given to the captain of the boat prior to leaving. In addition, the attached “Hold Harmless Agreement” (Waiver of Liability for Southeastern Louisiana University) must be signed by the group’s authorized representative (principal of school, teacher, etc.). This waiver form is separate from any individual student waiver forms signed for the group entity itself (i.e., any school waiver forms from students—copies of those forms are held by the school or group entity). Capacity for the boat is approximately 36 adults of average of 200 lbs (10,000 lbs total persons, equipment and gear). This is one of three forms to complete.

Date of Field Trip: _____ / _____ / _____

Name of Group/School: _____

of Students/Group Members: _____

of Chaperones/Teachers/Assistants: _____

Total # of Group Passengers (students, teachers, assistants, etc. from above): _____

Group/School Representative (print name) _____
