Career Fair 2013 is a university-wide event featuring over 100 local and national employers seeking to fill the available positions within their organization. Employers use Career Fair as an opportunity to meet many candidates and determine who would be the best fit for future interviews.

Career Fair is an excellent way for Southeastern students and alumni to network with organizations of interest and learn about other companies that could be viable places of employment.

Preparation and follow-up are keys to making yourself successful at Career Fair.

Why should I attend?
- Identify employment opportunities - over 100 companies specifically looking to hire will be there!
- Expand your network and discover new potential employers.
- Learn industry information.
- Land a full-time career or internship!

During the Fair:
- Dress professionally - You only get one shot to make a good impression.
- Greet recruiters with a firm handshake and make eye contact.
- Tie in your experience, education, and skills with your enthusiasm for the type of position and company.
- Focus on what YOU can do for the employer, not what they can do for you.
- Get the business cards and company information of each person you talk to.

Before the Fair:
- Research employers and organizations attending Career Fair 2013.
- Know what you want to do - What is your objective?
- Prepare a list of questions to ask the recruiters you will meet.
- Create and rehearse an introduction to recruiters letting them know what you are interested in and why you are a good candidate.
- Update your resume and bring enough copies to hand out to employers.

After the Fair:
- Write a thank you letter (using professional stationery) to each recruiter with whom you have met.
- Follow-up as needed to maintain lines of communication.
