

Laundry Alert™ Guide

**Southeastern Louisiana
University**

Dear Student,

Your laundry is now just a click away! LaundryAlert™ is an exciting new system that is now available to all students in the residence hall. Your laundry room is now online so that you can:

- See which machines are available or in use
- Check room usage
- Receive an e-mail notification (or SMS text alert) when your laundry is done or you need machines
- Send a service request e-mail

Go to www.laundryalert.com and enter the sign-in code: **SELU3999**. Bookmark this page to bypass the sign-in page each visit thereafter. You will see which machines are available or in-use, and approximately how much time is left on machine(s) in-use. *Keep in mind that the web page clock is approximate, and actual machine cycle time may exceed the clock due to washer super cycle, dryer top-off or other variables. The web page clock has multiple extra time loops, so if the washer or dryer is still on when the clock has counted down, the clock will reset for a short duration to indicate the machine is still in use, and indicate the remaining approximate extra time.*

You can also have an e-mail or text message sent to you when the machine(s) you are using are finished. Just take note of which machine(s) you are using and then log onto the site, enter your e-mail address or phone number and the number of the machine(s). When your laundry is finished, you will receive an e-mail or text message.

Are all the machines or some of the machines in use? You can also request an e-mail or text when machines become available!

Receive LaundryAlert™ notifications via text message! On the LaundryAlert™ web site, click on the Let Me Know tab, and in the E-MAIL/TEXT notification box, enter your cell phone number followed by your mobile carrier's string for SMS text messages (see below). For example, if your carrier is AT&T and your phone # is (123) 456-7890 you would enter 1234567890@txt.att.net.

Other (SMS) strings can be found by either contacting your cell phone company or looking it up on Google. Yahoo, MSN, etc. Go to LaundryAlert™ FAQ's for more information about requesting text message notifications.

T-Mobil	1234567890@tmomail.net
Sprint	1234567890@messaging.sprintpcs.com
ATT Wireless	1234567890@txt.att.net
Boost Mobile	1234567890@myboostmobile.com
Cingular	1234567890@cingularme.com
Nextel	1234567890@messaging.nextel.com
Sprint PCS	1234567890@messaging.sprintpcs.com
Verizon	1234567890@vzwpx.com
Virgin Mobile	1234567890@vmobl.com

Please Note: Your phone must be set up to accept text messages, and not have any spam filters preventing messages from the e-mail address notifyme@laundryalert.com or the domain www.laundryalert.com. If this is a problem, call your wireless provider's tech support to ask how to unblock. For most cell phone providers you won't have to do anything special to receive text message notifications from LaundryAlert.
