## **A Survey of Graduating Students Southeastern Exit Survey 2007-2008**

### **Background**

In their plans to assess their major fields, most academic departments at Southeastern Louisiana University indicated a desire to collect information from graduating seniors through the use of an exit survey. In order to reduce duplication and standardize data collection, a general survey instrument was developed, allowing individual departments the opportunity to add other questions to the instrument which would address specific issues regarding their majors.

The first exit survey was conducted in May 1992, using as participants students who expected to receive their baccalaureate degree at that time. The second exit survey focused on students who expected to receive their baccalaureate degrees in December 1992 and May 1993. Both of these surveys were conducted by mail and were distributed to graduating seniors.

In the Summer of 1993 the electronic Senior Exit Survey was put in place as part of the application for graduation procedure. Students completed the Senior Exit Survey when they applied for graduation, which in some cases could be as early as two years prior to graduation.

In the Summer of 1996, the Senior Exit Survey was revamped and renamed the Southeastern Exit Survey. It was also separated from the graduation application and shortened so that it focused only on major field assessment. All graduating students, including those receiving Associate and Master's degrees, were required to complete the Southeastern Exit Survey during their semester of graduation.

### **Instrument Development**

The original Senior Exit Survey was developed through an examination of SACS criteria and instruments used by other institutions in order to identify which major field issues should be addressed. During the Spring of 1996, the questions were reworded so that they would be applicable to all students, regardless of degree or major. The revised questions used a 1 (Very Dissatisfied) to 5 (Very Satisfied) scale, and required students to enter a valid response for each item. In June 1998, four more questions which specifically targeted advising were added to the instrument. In August 2001, five questions were added to obtain measurements for Southeastern's strategic plan, Vision 2005. In Spring 2003, the Exit Survey was migrated to PeopleSoft and the items were reviewed by Department Heads and Deans, and revisions were made.

Departments have also been given the opportunity to include questions particular to their majors. The departments of Communications, English, Foreign Languages & Literature, Music & Dramatic Arts, Psychology, Sociology & Criminal Justice, Accounting, Management, Counseling & Human Development, Educational Leadership & Technology, Teaching & Learning, General Studies, Communication Sciences & Disorders, Kinesiology & Health

Studies, Nursing, Biology, Computer Science & Industrial Technology, Mathematics, and Integrated Science & Technology have added questions for the students in some of their individual degree programs. A copy of the general questions of the instrument can be found in Appendix A. A copy of the major-specific questions can be found in Appendix B. Students were also given an opportunity to provide any comments they might have regarding their tenure at Southeastern.

## **Method**

### **Participants**

The potential participants for this survey were 2,175 students who graduated from Southeastern Louisiana University in Summer 2007, Fall 2007, and Spring 2008. Of the 2,175 potential participants, 2,057 graduates completed the survey for a response rate of 94.5%. Students are required to complete a Southeastern Exit Survey for each major in which they graduate resulting in a total of 2,076 Southeastern Exit Surveys completed.

Of the 2,175 respondents, 65% (n=1,345) were female and 35% (n=712) were male. The vast majority (83%, n=1,701) were White, Non-Hispanic, while 12% (n=247) were Black, Non-Hispanic. Thirty-nine individuals (2%) were Hispanic, 1% (n=12) were Asian/Pacific Islander, 0.5% (n=11) were American Indian/Alaskan Native, and 2% (n=38) did not report a race.

In terms of entry to Southeastern, the largest group (19%, n=393) began attending Southeastern in the Fall of 2003. One of the students started as early as the Fall of 1980, while one started as recently as Fall 2007.

For graduate students, the average age at time of graduation was 31.6 and the average cumulative GPA was 3.737. For Associate degree recipients, the average age at time of graduation was 31.8 and the average cumulative GPA was 2.60, while Bachelor degree recipients were 25.7 on average and had a 2.953 cumulative GPA. The largest number of participants in the Exit Survey (44%, n=906) graduated in Fall 2007, while 43% (n=881) graduated in Spring 2008, and 13% (n=270) graduated in Summer 2007.

### **Procedure**

All students are required to complete the Southeastern Exit Survey during the semester in which they graduate. If a student reapplies for a later graduation semester, the Southeastern Exit Survey must be retaken, and only the most recent results are included in this report. At the beginning of the semester in which students had applied to graduate, students were sent an e-mail notification informing them of the need to complete the Southeastern Exit Survey. Students who still had not completed the Southeastern Exit Survey were sent a reminder e-mail mid-semester, and a letter via USPS two weeks prior to the end of the semester. The last week of classes, Deans were notified of the students in their colleges who had not completed the Exit

Survey and were asked to contact those individuals. Computer stations were set up during the Fall and Spring Grad Fair, also giving students another opportunity to complete the survey.

**Instrument**

The Southeastern Exit Survey contains 32 questions which address six general areas related to the student’s major field: faculty and staff, courses, availability of courses and learning opportunities, resources and facilities, advising, and overall satisfaction. There are also two questions (33 and 34) that are given only to undergraduates. The answer options for these questions are 1 (Very Dissatisfied) to 5 (Very Satisfied), and are presented in Table 1.

## Comments

This section contains the opinions of students who volunteered narrative comments in response to an open-ended question. Positive and negative comments which have specifically named faculty or staff have not been deleted. These comments should not be considered representative, but should be evaluated within the context of the other results. The only editing of the comments is the deletion of expletives.

Not all comments are distributed with every report. The Provost's report contains all comments for all programs in all colleges. The reports distributed to the Deans contain only the comments for the departments which report to each Dean. Finally, each department is provided with the comments made only by their students in each program within the department. Any other distribution will not contain the comments.

The only exceptions to this distribution policy are the secondary education programs. These comments were provided to the department in which the program is housed, as well as the Department of Teacher Education. For example, comments made by graduates in Math Education were distributed to the Department of Mathematics, the Department of Teaching & Learning, and the Deans of both the College of Arts and Sciences and the College of Education & Human Development.

**This report is intended for use in curriculum/program review and revision only. Under no circumstances should this report be used for tenure and/or promotion review, merit review, or other personnel decisions.**

The comments are presented in Appendix C.

43. Preparation for evaluating the effectiveness of your instructional efforts and making appropriate adjustments  
1 to 5 (1=Very Dissatisfied, 5=Very Satisfied)
44. Preparation for infusing technology into the curriculum  
1 to 5 (1=Very Dissatisfied, 5=Very Satisfied)

**For Majors: Accounting**

35. Which of the following best describes your situation?

- 1 Do not currently have a full-time job
- 2 Have a job in the field of accounting
- 3 Have a job in an area related to the field of accounting
- 4 Have a job in an area unrelated to the field of accounting

36. Do you think your technical knowledge in the field of accounting is

- 1 Inadequate to obtain employment in the field of accounting
- 2 Adequate to obtain employment in the field of accounting

How satisfied are you with:

37. The analytical skills (i.e., critical thinking skills) you obtained while a student at Southeastern?

38. The oral communication skills you obtained while a student at Southeastern?

39. The written communication skills you obtained while a student at Southeastern?

40. The microcomputer skills you obtained while a student at Southeastern?

41. The Career Development Services at Southeastern, specifically regarding its efforts on behalf of accounting majors?

42. Your opportunity for interaction with members of the accounting profession while a student at Southeastern?

### **For Majors: Administration & Supervision**

How satisfied are you with:

33. Your preparation to assume an administrative position in education.
34. Your understanding of the key issues surrounding school law.
35. Your knowledge of techniques in motivating educators.
36. Your understanding of teacher observation/evaluation techniques.
37. Your knowledge of ways to solicit community support for education.
38. Your training in the personnel function (recruiting, selecting, inducting, etc.)
39. Your knowledge of the latest reform movements in education.
40. Your knowledge of how an educational administrator can use computers more effectively.
41. Your understanding of the budgetary and fiscal aspects of school administration.

**For Majors: Athletic Training**

How satisfied are you with the:

35. Extent to which preclinical science classes prepared you for clinical courses.
36. Extent to which clinical experiences prepared you to work in a variety of settings.
37. Extent to diverse populations during clinical experiences.
38. Extent to which the program adequately prepared you to work with diversity in the workforce and the population you plan to service as an Athletic Trainer.
