

Q2 Please read the statements below. Select the box of the statement that best describes your current level of physical activity. When considering time spent being active, count any time you are active for at least 10 minutes at a time. In other words, if you have three 10 minute "bouts" of activity in a day, record that as 30 minutes a day. "Vigorous" exercise includes activities like jogging, running, fast cycling, aerobics classes, swimming laps, singles tennis and racquetball. These types of activities make you sweat and make you feel out of breath. "Moderate" exercise includes activities such as brisk walking, gardening, slow cycling, dancing, doubles tennis or hard work around the house.
