VII. Old Business

A. **Bill FA21-03** Senate Appointment - College of Science and Technology - Devin Schwaibold

Senate Chair opens floor for discussion

Appointee: I would love to be part of the senate because I love Southeastern, but there are things that can be improved on. I would like to allow the voices and concerns of the students to be heard. The College of Science and Technology tends to be introverted, so I would like to provide a chance for their voices to be heard; Involved on campus and readily receive insight that I would love to act on

Sen. Hayes: Appointee will be a great addition to the senate

Senate Chair calls for motion to vote on Bill FA21-03 to appoint Devin Schwaibold

Motion made by Sen. Adams

Seconded by Sen. Henderson

14/14 senators vote aye, Bill passes favorably

B. **Bill FA21-11** Senate Appointment - College of Nursing and Health Sciences - Joshua Freeman

Senate Chair opens floor for discussion

Appointee: I would be the first Sports management major this year in the senate which would be meaningful for the major as it is lacking involvement; I was involved in student government in high school and I will be now as I was then: eager to improve school and community through eagerness to help others and willingness to lead

Sen. Johnson: Went to high school with Appointee, very sweet, charismatic, would be a great addition to the senate

Sen. Guilbeau: Would you elaborate on your current campus involvement?

Appointee: Vice President of the Kinesiology Student Association under Sen. Guilbeau who is President, member of Honors Student Association, Honors Program Ambassador, member of Gamma Beta Phi

Sen. Hayes: Describe yourself in one word

Appointee: Eager

No further discussion

Appropriations Chair Watson: Are all forms of scantrons provided?

Madame President: All forms are supplied, different majors/departments require different forms

Sen. Pate: Are pens free?

Madame President: yes

Appropriation Chair Watson: Section IV and V are same on the Bill
