It is highly recommended that shaded courses be completed prior to transfer. A minimum 3.0 GPA in prerequisite courses is required for application to progress to nursing courses. Not all who apply are selected for progression. See Southeastern General Catalogue for additional admission requirements. (http://www.selu.edu/acad_research/depts/nurs/index.html). **Recommended General Education Humanities courses for Southeastern are indicated by an *.**

Completion of the AALT/ASLT degree guarantees that the student has met, in full, all lower level division general education requirements at the receiving Louisiana public university. Graduates transferring with the transfer degree will have junior status. Courses or GPA requirements for specific majors, departments, or schools are not automatically satisfied by an AALT/ASLT degree.
