

Faculty Senate Meeting
Minutes: February 7, 2024
Southeastern Louisiana University Alumni Welcome Center

I. Call to Order

Sen. Craft 3:30pm

II. Guest Speaker: Chief Michael Beckner, Southeastern Police Department

All SELU are officers and graduate from police academy with a large majority also being SELU graduates.

- Take a police “education” stance but can and do enforce if needed.
- 50% crime reduction on campus over the past 2 years; with crime increasing surrounding communities.

Theft is the major crime infraction on campus with mental health coming in second.

SELU PD endorses the use of the LINK system already in place.

SELU PD recommended and invited faculty to download and use the free Lion Safe app.

- Since employing use of the app, PD has seen an increase in the average number of PD safe escort requests from 75 in person to 700 in app.
- The app also comes equipped with a “mobile blue light” feature, allowing users to indicate an unsafe situation without having to stand by a traditional blue light podium. The app drops a pin and sends the location in real time to the PD officers responding to your call for assistance, enabling users to find or flee alternative or secure locations.

There is a typical 1–2-minute response time to an incident and filed over 200K calls a semester.

PD requests participation in active assault trainings hosted throughout semesters, as valuable and life saving information can be gained through participation.

Suggest if not all departmental faculty and staff attend that an ambassador is sent who can report back what they learned to their colleagues. Change in Cleary Report updates; typically sent out covering the previous year but now to be sent out every 6 mos. And the reports only cover Class 1 offenses, as well as drug, alcohol, and gun violations.

Questions:

1. Do we have a problem on campus regarding hate crimes?
 - a. Graffiti
 - b. Increase in reports when preachers are present on campus.
2. Does SELU PD respond to health-related emergency calls? And does PD carry

Narcan.

a. PD does respond to these calls.

b. PD has received an 18K grant to update AED in squad cars and place around campus. As of right now there will be 9 to be placed in high volume places also outfitted with Narcan and Stop the Blood kits. The Chief/departments plan on actively pursuing additional funding to cover the cost needed to outfit all buildings on campus with new and up-to-date lifesaving equipment including Narcan and Stop the Blood kits.
