Employment

Twenty-two (88.0%) of the respondents are currently employed full-time, one (4.0%) is employed part-time and satisfied with part-time employment, one (4.0%) is unemployed and seeking employment, and one (4.0%) is unemployed, but not seeking employment. The rest of them employment information is based on those who are employed full-time. Most alumni (80.9%, n=20) are employed in the state of Louisiana, while two (9.1%) are employed outside the state. Eight (36.4%) are employed in higher education, one (4.5%) in government, one (4.5%) at a nonprofit organization and twelve (54.5%) in K-12 education. Twelve (54.5%) respondents indicated their education was "Very Effective" in preparing them for employment or improving their job performance and ten (45.5%) indicated it was "Effective". Fourteen (63.6%) of the respondents are employed in the area of their Southeastern doctoral degree, seven (31.8%) in a related area, and one (4.5%) in an unrelated area. One (4.5%) respondent indicated a salary range of \$40,001-\$50,000, four (18.2%) indicated \$50,001-\$60,000, nine (40.9%) indicated \$60,001-\$70,000, four (18.2%) indicated \$70,001-\$80,000 and four (18.2%) indicated a salary over \$80,000.

Overall Satisfaction with Southeastern

In general, respondents were satisfied with Southeastern. Sixty-four percent (64%, n=16) had a Very Positive general attitude toward Southeastern, and an additional 32.0% (n=8) had a Positive general attitude toward Southeastern. One respondent (4.0%) indicated they had a Neutral general attitude toward Southeastern. When asked if they would recommend Southeastern to a friend or family member considering graduate education, 84.0% (n=21) said

they would with no reservations, 12.0% (n=3) indicated they would with some reservations, and 4.0% (n=1) indicated they would with strong reservations.

Overwhelmingly respondents indicated that if they were to do it again, they would elect to attend Southeastern for their doctoral degree (n=23, 92.0%). Only 4.0% (n=1) indicated they would not attend Southeastern. Respondents were also asked if their college education had improved the quality of their life, regardless of the financial benefits. Ninety-six percent (96.0%, n=24) indicated that the quality of their life had improved, and 4.0% (n=1) indicated it had not improved.
