2. Would you recommend Southeastern to someone interested in what you majored in?		
DNP Nursing	10.0% (1)	90.0% (9)

Employment

All (100.0%) of the respondents are currently employed full-time in the state of Louisiana. Four (40.0%) are employed in higher education, one (10.0%) in government, three (30.0%) at a nonprofit organization and two (20.0%) in a health agency. Five (50.0%) respondents indicated their education was "Very Effective" in preparing them for employment or improving their job performance, four (40.0%) indicated it was "Effective", and one (10.0%) indicated it was "Very Ineffective". Seven (70.0%) of the respondents are employed in the area of their Southeastern doctoral degree, one (10.0%) in a related area, and two (20.0%) in an unrelated area. Two (20.0%) respondents indicated a salary range of $60,001-$70,000 and eight (80.0%) indicated a salary over $80,000.

Overall Satisfaction with Southeastern

In general, respondents were satisfied with Southeastern. Seventy percent (70%, n=7) had a Very Positive general attitude toward Southeastern, and an additional 20% (n=2) had a Positive general attitude toward Southeastern. One respondent (10%) indicated they had a Neutral general attitude toward Southeastern. When asked if they would recommend Southeastern to a friend or family member considering graduate education, 90% (n=9) said they would with no reservations and 10% (n=1) indicated they probably would not.

Overwhelmingly respondents indicated that if they were to do it again, they would elect to attend Southeastern for their undergraduate degree (n=9, 90%). Only 10% (n=1) indicated they would not attend Southeastern. Respondents were also asked if their college education had improved the quality of their life, regardless of the financial benefits. Ninety percent (90%,

n=9) indicated that the quality of their life had improved, and 10% (n=1) indicated it had not improved.
