

Grant Highlights

Fiscal Year 2022 - 2023

PROFILE
2023

- » **Wendy C. Allen (Grant Project Director, Teaching and Learning)** - Awarded \$663,921 by the Department of Education for the Project Bridge (Year 3).
- » **Andrea Dangerfield (TRiO Programs)** – Awarded \$445,329 by the Department of Education for the Educational Opportunity Center (Year 3).
- » **Dr. Kyle Pillar (Department of Biology)** - Awarded \$125,956 by the National Institute of Health (NIH) for the Project titled: Testing for Congruence among transcriptomic signatures in model organisms.
- » **Dr. Pradip Panta (Department of Biology)** – Awarded \$69,233 by the National Institute of Health for the Project titled: Effect of Sodium bicarbonate on colistin heteroresistance in *klebsiella pneumoniae*.
- » **Dr. Jean Fotie (Department of Chemistry and Physics)** - Awarded \$66,873 by the Louisiana Board of Regents for the acquisition of a gas chromatograph-mass spectrometer to advance undergraduate education and research at the university.
- » **Dr. Lisa Kuhn (Department of Mathematics)** - Awarded \$66,873 by the Louisiana Board of Regents for LINUX servers for science majors. The main goal of this grant is to increase the skills of science majors in computer-related areas, thereby promoting the new minor in Scientific Computing.
- » **Lily Brooks (Department of Visual Art + Design)** - Awarded \$58,493 by the Louisiana Board of Regents to modernize and expand the Photography classroom and laboratory in the Visual Arts + Design department.
- » **Dr. Gerard Blanchard (Department of Chemistry and Physics)** - Awarded \$19,886 by NASA for project titled: ROOMIE 6: Augmentation for 2024 Solar Eclipse Mission, which studies the solar limb-darkening effects during a solar eclipse.
- » **The Southeastern Louisiana University Police Department** has been awarded a grant from the Louisiana Highway Safety Commission to participate in the LHSC and the National Highway Traffic Safety administration’s “Click It or Ticket” and “Drive Sober or Get Pulled Over” campaigns. The primary goal of the grant is to reduce crash-related fatalities and injuries on Louisiana roadways. The grant provides funding for officers to work overtime conducting day and night occupant protection and impaired driving enforcement.
