

Student Success After Graduation

The First Destination Survey is administered two weeks before a student graduates. Follow-ups are conducted for six months following graduation. This is a summary of the results of the baccalaureate students:

- » 93% of those who provided a job location are employed in the state of Louisiana.
- » The average starting salary was \$51,083.
- » Over half (53.4%) of those continuing their education are enrolled at Southeastern.

Status Six Months after Graduation
