

Current Student Survey 2014-2015

Athletic Participation Report

A total of 2,501 surveys were sent electronically via SurveyMonkey to a randomly selected sample of students who were enrolled at Southeastern in the Fall of 2014. Of the 2,501 surveys distributed, 541 were completed for a response rate of 22%

The items in this section were asked at what level they might be interested in participating in 27 sports while in college. Overall, students expressed the most interest in Cheerleading at the varsity level and the least interest in Fencing and Rugby. At the intramural level, students were most interested in Sand Volleyball and least interested in Cross Country. At the club level, students expressed the most interest in Volleyball and the least interest in Wrestling. For females, the only sports at the varsity level that 5% or more of the respondents showed an interest in were Cheerleading (7.9%), Gymnastics (6.7%), Swimming (5.3%), Track & Field (5.3%), and Volleyball (5.8%).

Students were then asked if they had previously participated in organized sports. Overall, 23.2% (n=126) of respondents had participated in organized sports, with 26.7% (n=40) of males and 22.0% (n=86) of the females. Those students who indicated they had participated in organized sports were then asked at what level for each of the sports they had participated. Below are the results of that question.
