

-Biology Seminar Series-
Fall 2018, Southeastern Louisiana University
Thursdays 4:00-5:00, Meade Hall 112
Open and free to the public, call 549-3740 with questions

- Aug 30 Chris Beachy, Southeastern Louisiana University
Lunglessness in the Amphibia: perspectives and challenges to understanding the history of an innovation.
- Sept 6 Ryan Carney, University of South Florida
Digital dinosaurs and diseases.
- Sept 27 Matthew Brown, Mississippi State University
Between a pod and a hard test: deep evolution and development of amoeboid microbes.
- Oct 11 David Brown, Eastern Kentucky University
Homecoming Speaker
Songbird responses to disturbance and extreme weather in Appalachia.
- Oct 25 Fenglei He, Tulane University
Pdgfra regulation of craniofacial morphogenesis.
- Nov. 1 Carl Oliveros, Louisiana State University
Reconciling avian evolution and Earth history using phylogenomics.
- Nov 15 Emily Farrer, Tulane University
Climate change in Gulf Coast wetlands: microbes, plant invasion, and ecosystem function.
- Nov 29 The Phylo-Genies (aka April Wright, Brian Crother, Kyle Piller)
Southeastern Louisiana University
Nothing in evolution makes sense unless seen in the light of phylogeny.
