

A Green Approach to the Extraordinary Chemistry of Ordinary things

Brought to you by Southeastern Chemistry in partnership with
Southeastern STILE* & GEAR UP

*Science & Technology Interactive Learning Experiences

This Early College course is a non-mathematical approach to introduce students to key concepts in chemistry from a perspective of phenomena they witness every day, but have never thought about the chemistry behind them.

100% Online Interactive

June 2 to July 15

Monday - Thursday

9:30 AM to 11:45 AM
