

Tiny House: Design, Construction & Welding Camp

WITH SOUTHEASTERN STILE* / LOUISIANA GEAR UP
*SCIENCE & TECHNOLOGY INTERACTIVE LEARNING EXPERIENCES

Want to build a tiny house? How about learning some welding? Join us for our hands-on summer camp to learn the basics of architecture design and construction to build your own model tiny house to take home. Weld your own birdhouse! Seize the opportunity to discover a rewarding career in welding!

June 7-10, 2021
Monday - Thursday from 10:00 am - 3:00 pm

You'll work in Southeastern's state-of-the-art construction lab using building tools to bring to life your hand-made designs using traditional architectural principles for attractive, well-built, and useful structures. Louisiana GEAR UP students in 10th and 11th grades are eligible to join!

**On-site at Southeastern Louisiana University Campus
Computer Science & Technology Building
801 N. Oak St.
