

**Factors Possibly Affecting the Results
of the Student Opinion of Teaching**

NAME (Please Print) _____ DATE _____

CLASS _____ COMP.# _____
 (Prefix) (Course #) (Section #)

This sheet may be used by faculty members to note any factors that might affect the results of the student opinion of teaching for this course (e.g., attendance, new preparation or experimentation with new teaching techniques, substantial portion of the class requirements not yet complete [research projects, group projects, etc.], the level of the course, students' previous academic preparation for the course, classroom environment and equipment). Completion of this form is optional. It is the faculty member's responsibility to print this form, fill it out, place it in a sealed envelope and deliver it to the Department Head's office by the end of the final exam period for the semester.
