VI. Reports

A. SGA President:

President Nechaeva

Last week was a successful Centennial birthday celebration. Great participation and presence from SGA members.

Tomorrow is our first Town Hall event. We want to hear student voices and feedback. There will be a panel composed of Maria, Kayla, Mr. Handlin, and a campus representative. Please send your excuse asap if you know you can't attend. You are also encouraged to come up to the microphone as an SGA member, we want to represent.

Maria is attempting to have a "mental health day" count as an excused absence through the Dean of Student's office. However, we aren't moving forward with this quite yet. Maria wants to speak with Provost Dr. Skipper first.

We are trying again and revamping the syllabus bank. We want to see how all parties involved can be supported and happy.

Homecoming is coming up soon. Google form to volunteer will be in Flare so please join asap. The schedule is being sent out as well. This is the Centennial Homecoming, we want to see as many groups big and small to participate as we possibly can.

B. SGA Chief Justice:

Chief Justice Edwards

Campaigning last week went so well. Lots of candidates and lots of participation. We are at 4000 almost total votes! This is an awesome turnout. Dr. Summers is very pleased. There were no disqualifications.

Parking appeals are being kept up with.

There are some issues with the impeachment process and the accountability board. Kayla will be working with Senator Vatter to revise the impeachment process. This is so we can get it as refined as possible.

C. SGA Advisor:

Mr. Zachary Handlin

Outreach this year has been fantastic, a lot of both students and faculty have been very pleased with SGA's presence.

The LSU vs. SLU bus trip, tailgate, and game received wonderful feedback from all participants!

Student fee committee meetings/prep are going fantastic.

Midterms are coming soon, prep prep prep.
